LEAGUE OF AMERICAS PROPOSED

Panama Congress Urges Nations of New World

PANAMA, June 22.—A resolution commending common action by the Pan-American States against any aggressor State has been adopted by the Inter-American Conference of American Republics.

The resolution drafted by Senor Mas of Uruguay recommends "the nations of the new world to adopt as

Tens of thousands of women marched to the stadium as early as 7 a.m. The throngs overflowed the concrete stands and pressed into the space reserved for the clergy and choir in the great sweep of the grass-carpeted field.

The crowd outside was not so great as yesterday and the procession of clergy filed into the field on schedule.

Unlike yesterday, the program of addresses was begun before the mass was celebrated. The first was by the Archbishop of Vienna, Cardinal Frederick Piffl. Clad in his scarlet robes of office and, standing

COUPLE FOUND SHOT TO DEATH

Socially Prominent Pair Found Dead in Room Which One Fired Weapon Mystery to Coroner

Tragedy Believed Result of Long Quarrel

GLENNHEAD (L. I.) June 22. (Exclusive)—Mr. and Mrs. Henry Brewster, socially prominent both in New York and Long Island, were found shot to death in their bedroom in their home here tonight. Mr. Brewster was 35 years of age, and his wife 26.

The shooting was the outcome of a quarrel between the couple, according to the coroner's inquest, which was held at the home of the couple. The coroner's jury found that the couple had been quarreling for some time, and that the wife had been the aggressor in the attack on her husband.

Both the man and the woman were lying on the floor. A .38 Smith & Wesson pistol was found lying on the floor near the body of the man. The coroner's jury found that the wife had fired the shot which killed her husband, and that she had then fired the shot which killed herself.

The coroner's jury also found that the couple had been quarreling for some time, and that the wife had been the aggressor in the attack on her husband.

CAILLAUX REPORTED AS NEW FINANCE MINISTER

Briand Cabinet Believed All Settled but Poincare's Post Uncertain; Parliament Harasses Premier

PARIS, June 22. (AP)—M. Caillaux, a semi-official communiqué says, is understood to have accepted the post of Minister of Finance provisionally. M. Caillaux's appearance in the Cabinet would throw out M. Poincare and might force the Premier to seek new ministers aligned with the Caillaux policies.

PARIS, June 22. (AP)—The eighth day of the ministerial crisis apparently has ended with the new Cabinet all ready to be introduced to the public, but held up by the difficulties of the financial situation.

Premier Briand has at his disposal enough men to form a new government, but seemingly none of them wants the post of Minister of Finance. The Premier reported the situation to President Doumergue at 7 o'clock this evening and later declared that he expected the next meeting with his proposed collaborators at 9:30 probably would be decisive and that the Cabinet would be ready to be introduced to the President of the Republic tomorrow morning.

The ministry as tentatively formed is as follows: Premier and Foreign Affairs, M. Briand; Justice, M. Poincare; Finance, M. Doumergue; War, M. Painleve; Marine, M. Leygues; Interior, M. Durand; Colonies, M. Perrier; Public Works, M. Laval; Agriculture, M. Buisson; Commerce, M. Chastenet; Instruction, M. Colrat; Labor, M. Daniel-Vincent.

BRIAND MUST HURRY

The feeling in the chamber lobby is that M. Briand will lose ground if he prolongs his efforts. The delay in the construction of the Cabinet already has developed feverish agitation in the Senate and Chamber, where groups more or less hostile to the Premier are taking advantage of the difficulties he has encountered to add to them by manifestations tending to diminish M. Briand's authority in political circles.

M. Caillaux, former Finance Minister, who has openly opposed the presence of M. Poincare in the government, suggested to a group of the Democratic left in the Senate this afternoon that measures be taken to bring all groups of liberal tendencies in both houses, including the Radicals, Socialists and Republican Socialists, into a joint caucus to consider the situation created by M. Briand's efforts to form a nonpartisan government.

M. Briand called M. Caillaux for a conference. This might have been in

ANGELENO GIVEN DEGREE IN EAST

HONOR PAID TO MILHAM BY COLLEGE

Honorary Degree Given to All Year Club Secretary by Dartmouth

HANOVER (N.H.) June 22. (Exclusive)—Charles Gilbert Milham of Los Angeles, secretary of the All Year Club of Southern California, was awarded the honorary degree of Master of Arts at the one hundred and fifty-seventh commencement at Dartmouth College here today.

In conferring the honor, President Ernest Martin Hopkins characterized Mr. Milham as "a one-time member of the class of '06, through whose imagination and foresight a grateful community has seen four seasons made to grow where formerly there was but one and through whose devotion to and co-operation in Dartmouth affairs, understanding of the college purposes has been spread in fields afar."

La Guardia to Challenge Law With Real Beer

WASHINGTON, June 22. (AP)—Representative La Guardia, Progressive Socialist, New York, today defied critics of his recent demonstration of mixing a malt tonic with near beer and producing what he said was real but legal beer.

"My attention has been called," he said, "to an announcement of prohibition enforcement headquarters at Albany that anyone found making beer under the La Guardia formula, by mixing near beer and malt tonic, will be arrested for violation of the law."

On my next visit to New York I will walk up to a soda fountain in a drug store in my district and order a bottle of tonic and one of near beer and drink it right there.

"If the prohibition department desires to test the law I will give it the opportunity."

Thousands Pay Honor to Late Congressman

SAN FRANCISCO, June 22. (AP)—Honored by his government, State and city, and the homage of thousands of friends, Representative Lawrence J. Flaherty of the Fifth California District, who died in New York a few days ago, was borne to the grave today.

The body rested in the rotunda of City Hall throughout the night and until 10 a.m. today, when it was borne to St. Mary's Roman Catholic Cathedral for the final requiem service.

Mayor Ralph and Frank McDonald, president of the State Building Trades Council, delivered funeral orations at City Hall.

The band of the Thirtieth Infantry, sailors from the flagship Seattle of the United States fleet, a company of Marines and a battalion of police led the funeral cortege to the cathedral. Union labor and fraternal orders followed.

DOCTOR GIVEN DIPLOMA AFTER FIFTY YEARS

REDFIELD (Me.) June 22. (Exclusive)—Dr. Wilbur F. Berry received a diploma from his beloved Kent's Hill school after nearly fifty years service for it. He has worked for the school and never thought of the diploma that he did not receive at graduation because he did not finish his work at the close, owing to absence in teaching another school. Dr. Berry has never needed his diploma. He says his diploma is in the heart of Kent's Hill.

FEDERAL ALUMINUM INQUIRY ADJOURNED

PITTSBURGH, June 22. (AP)—The Federal Trade Commission inquiry into charges of monopolistic practices against the Aluminum Company of America was adjourned today until September 29, next, after a two-day hearing in which F. X. Patterson, a commission examiner, testified of his investigation, and George R. Gibbons, the company vice-president and secretary, submitted additional documentary evidence.

HUNDRETH PERFORMANCE

PARIS, June 22. (AP)—The opera has just given the hundredth performance of the ballet "The Two Pigeons." Such a record is a rarity as few ballets attain their century. This one was created in 1886 and has taken forty years to be played 100 times, an average of two and a half times a year.

FARM-AID BILL HANGS IN SCALE

One or Two Votes Expected to Decide Fate

South Protests Amendment Made by Sponsor

Glass Denounces Measure as Species of Privilege

WASHINGTON, June 22. (AP)—On the verge of a vote on the McNary farm bill, the Senate adjourned late today with the measure swaying in the balance, each side admitting that one or two votes might decide the issue.

Managers of the proposal believed they had made inroads into the ranks of the opposition during the day by loading it down with amendments in an effort to appease opponents. They said the bill would be passed by a one-vote margin, while the opposition spokesman predicted it would be defeated by two votes.

For a time it appeared that the measure would be forced to a final vote today, but those in charge of it abandoned the attempt when southern Senators threatened to bolt the bill if an amendment offered by Senator McNary, Republican, Oregon, sponsor of the proposal, was adopted. It provided that not more than \$75,000,000 out of the revolving funds should be used in marketing cotton.

DEBATE GROWS HEATED

The southerners declared that the amendment would spoil the effectiveness of the bill, so far as cotton was concerned, and the debate got so heated that the Oregon Senator withdrew it with the explanation that he probably would reoffer it tomorrow in modified form.

The Senate then passed on to an amendment by Senator Harris, Democrat, Georgia, proposing to give the farm communities in the bill a 50 per cent rail and ship preferential rate for the export trade. After some discussion consideration went over until tomorrow at the request of Senator Norris, Republican, Nebraska.

Before the Senate called it a day, however, it had reduced the appropriation for the revolving fund from \$250,000,000 to \$150,000,000, eliminated cattle entirely from the measure and made the equalization fee operate on the basis of the last previous census.

Other amendments approved defined "wine processing as slaughter by purchase for market" which would permit a farmer to slaughter his own hogs and sell the meat without paying the fee, and provided that the equalization fee could not be put into operation on any crop except by permission of the members of the proposed farm board representing land bank districts producing more than 50 per cent of the crop as figured on the basis of the last previous census.

WATER TAX ON BABIES DENIED

Higher Rate For Owners of Cows All Right But Children Exempt

SAN FRANCISCO, June 22. (AP)—A water company cannot fix its rates according to the number of children in a family, the State Railroad Commission ruled yesterday on the application of Paul W. Hunter for an increase in rates to consumers served by a water company he owns at Fortuna, Humboldt county. The existing rate is \$1.25 per family with 25 cents a month extra for each cow.

"It is hardly fair for families who have no children to pay the same rate as those who have children," Hunter said in his application.

The commission revised the schedule of rates charged by Hunter upward to bring an increase in revenue, without reference to the number of water consumers in each household served.

"If anyone proposes to do the same thing for agriculture that has been done for the railroads, for the credit system, for the protected industries, for the industries based upon patents, or for public utilities he is denounced as a radical or a dangerous man imbued with Socialistic tendencies."

"In Iowa, so predominantly agricultural, there is no newspaper and no individual so powerful as to openly oppose the enactment of legislation for the equal economic rights of agriculture. But while it is true there exists in the State, on a small scale, a secret conspiracy as sinister and insidious as the nonpartisan league of Wall Street itself. This crowd is made up of a few newspapers and a few representatives of great corporate interests that proceed by means of flank attacks."

CO-OPERATION VS. SOCIALISM

"It is the settled belief of all the farm organizations and all the labor organizations that ultimate relief from the intolerable oppression of the unworkable laws of nations of wealth is to be found in co-operative organizations which should be assisted in the first instance by the government, as it has assisted other enterprises and especially by the governmental export corporation."

"The opposing interests are careful to avoid a clash with this idea as a whole and instead they pick out one element of co-operative organization, to wit, limitation upon the earnings of capital, and denounce that as Socialistic. This is done without regard to the historic and long-settled fact that co-operation is exactly the opposite of Socialism."

PLAN TO AID CHILDREN

Educators to Promote Training of Defective Boys and Girls

SACRAMENTO, June 22. (Exclusive)—With a view to working out a better program for the training of deaf, blind and crippled children and children with speech defects, Will C. Wood, State superintendent of public instruction, today called a State conference to be held in San Francisco September 23 and 24.

Wood plans on appointing a committee to draft legislation as may be necessary to secure proper education for crippled children for presentation to the 1927 Legislature.

ATTORNEY SENTENCED

UKIAH (Cal.) June 22. (AP)—Henry Boechio, San Francisco attorney, found guilty of obtaining money under false pretenses from Andrew Hoeffer, aged Ukiah Valley rancher in a \$22,000 ranch deal, was today sentenced to an intermediate sentence of from one to ten years in San Quentin Prison. Bail was denied pending his appeal and Boechio is in the County Jail.

Asks Receivership on Ground
of False Advertising

Development Project Up in
Federal Court

Impossible Things Promised,
Says New Yorker

JACKSONVILLE (Fla.) June 22. (P)—Federal Judge Callis today has under advisement a petition charging that misleading advertising was used in newspapers, magazines and pamphlets by the Minner Development corporation to picture wrongfully improvements and existing conditions and fool the public and prospective purchasers. The petition was filed yesterday by Guy C. Reed, New York carpet manufacturer, who asks that a receiver be appointed for the corporation, developers of Boca Raton, fashionable resort twenty-six miles south of West Palm Beach.

Mr. Reed said the action was taken to protect his interests and that promises of developments have been so elaborate as to be impossible of fulfillment, due to the financial status of the corporation. Officials of the Minner Development Corporation had not been located at West Palm Beach today for statements regarding the receivership petition. Addison Minner, architect, moving in the development plan and president of the corporation, is said to be in Europe. Last November four members of the board of directors, Gen. Coleman Du Pont, Jesse L. Livermore, Holliday S. Meeds and Louis H. Bean, all of New York, resigned. Gen. Du Pont said the management was in the hands of executives not qualified to handle such a project and that the directors' wishes were ignored. The development comprises approximately 16,000 acres of land with more than two miles of ocean frontage. Many social affairs marked its opening during the recent Palm Beach season.

SIX KILLERS APPLY FOR SAN QUENTIN PAROLES

SACRAMENTO, June 22. (P)—Six convicted killers who are serving terms in San Quentin prison and who have applied for parole will learn the fate of their applications for freedom when the State Board of Prison Directors meets at San Quentin Friday and Saturday. Lovers' quarrels were responsible for the killings in two cases, robbery was the motive in three and a card-game quarrel caused the shooting in one case.

PRINCE WILL "RIDE HERD"

Heir to Swedish Throne Will Play Cowboy While
on Visit to Yellowstone National Park

CHEYENNE (Wyo.) June 22. (P)—Crown Prince Gustavus Adolphus of Sweden will "ride herd" on the 700 head of Buffalo in the Yellowstone National Park, when he visits the park during the first week in July.

The Crown Prince will assume the role of cowboy on July 2, next, when he reaches Upper Lamar River range, where the huge buffalo herd is kept. This is a part of the itinerary planned for the royal party by Horace M. Albright, superintendent of the park. During their tour of Yellowstone the Prince and Princess will ride mostly on old stage coaches which were prevalent in the park before the coming of the automobile.

The distinguished guests will enter the park July 1 and during the first night will stay at Camp Roosevelt, where President Roosevelt camped in 1903. The next day they will visit the buffalo ranch, and in the evening will be entertained at dinner by Secretary of the Interior Hubert Work at Mammoth Hot Springs. On July 3 the royal party will visit Old Faithful and other noted geysers of the park, and on the following day they will travel through the Grand Canyon of the Yellowstone.

The Prince on July 4 will have an opportunity to display his mountaineering-climbing ability when he ascends Mt. Washburn, which is 10,317 feet above sea level. He will leave the park on July 6 at the southern entrance.

Officials of the Minner Development Corporation had not been located at West Palm Beach today for statements regarding the receivership petition. Addison Minner, architect, moving in the development plan and president of the corporation, is said to be in Europe. Last November four members of the board of directors, Gen. Coleman Du Pont, Jesse L. Livermore, Holliday S. Meeds and Louis H. Bean, all of New York, resigned. Gen. Du Pont said the management was in the hands of executives not qualified to handle such a project and that the directors' wishes were ignored. The development comprises approximately 16,000 acres of land with more than two miles of ocean frontage. Many social affairs marked its opening during the recent Palm Beach season.

BRIDGE BIDS ANNOUNCED
SACRAMENTO, June 22. (P)—Matlock & Peasey, San Francisco, were low bidders for construction of a reinforced concrete bridge over San Jose Creek, in Santa Barbara county, the State Highway Commission announced today. Their figure was \$10,931. Building of this bridge will eliminate a dangerous curve on the Coast Highway.

ULCERATED STOMACH OF FAMOUS ACTOR RELIEVED Coso Volcanic Iron Water DID THE WORK

READ WHAT HE SAYS
ABOUT IT

A few days ago I came to Los Angeles for an engagement at the Pantages theater, almost a physical wreck from years of Stomach Trouble, which had recently developed into an ulcerated condition. My liver was very inactive and I daily suffered from severe nausea. Just after completing my act early during this engagement I was compelled to sit down in the rear of the stage and was very sick indeed. The theater electrician, Mr. F. L. Newell, seeing my condition, suggested that I try Coso Volcanic Iron Water, from which he had received the greatest benefit. I immediately purchased a bottle near the theater from the Owl Drug Company, and from the very first drink of Coso Water I felt relief. After having now used only four bottles, I feel better than in years and I am having a case of 16 bottles expressed to me at the Knickerbocker Hotel, San Diego, where I play my next engagement. I am anxious to continue this treatment in order to make the cure permanent. For many years I have appeared in various plays before the American public and have traveled all over the world and I can conscientiously say that I believe Coso Volcanic Iron Water to be the most wonderful remedy for Stomach and Liver Trouble to be found in any other country.

CHUCKLES from LIFE

Betty: "And have you always loved daddy?"
Mother: "Of course, dear."
"Even when I came between you?"

"A Trifle Too"

She was a pretty little sprite. Her voice was pitched a little night. To make it heard above the crowd. A trifle old for sweet sixteen— She told me things that, really, I mean. I blush to think of, much less tell. It may be I am getting old— I'm just about eighteen, all told; But the young girls I've lately seen In social haunts where I have been. Seem, as I pass them in review, Each one to be a trifle "too." Minister (kindly): "And I suppose you want to be a pirate when you grow up, young man." Bobby (scornfully): "Naw! Bootlegger."

HER BEATEN BODY FOUND NEAR LAKE

[P. & A. Photo]
Sylvia H. Gaines

ONE TAKEN IN SEATTLE GIRL'S DEATH

Arthur Higgins Seized in
First Arrest Connected
With Brutal Tragedy

SEATTLE, June 22. (Reuter)—
The first arrest in connection with
the slaying of Miss Sylvia H. Gaines,
college graduate, whose beaten body
was found in the brush bordering a
lake here last Thursday, was made
this afternoon when Arthur Higgins,
44 years of age, was taken into cus-
tody.

Little information has been given
out by the officers as to the clues
that led to Higgins' arrest, but both
county and city officials have been
soured to determined efforts to ap-
prehend the slayer, due to the promi-
nence of the victim, who was the
niece of William A. Gaines, chairman
of King County Commissioners.

SALTPIETER CARGO EXPLODES

SHANGHAI, June 22. (AP)—An ex-
plosion of its cargo of saltpeter oc-
curred today on board the Chinese
passenger steamer Adolf Von Bayer,
bound from Hamburg, Germany, for
Japan. Flames followed, but it is be-
lieved the steamer will not be de-
stroyed.

DRYS SEEK TO REVIVE PARTY

Movement to Enlist Bloc in
Every State Planned

New York Convention to
Urge Necessity for Action

West Leader Organizes Group
for Referenda in West

NEW YORK, June 22. (AP)—A move-
ment to revive the prohibition party
in every State in the Union will be
launched on Thursday, when the
party holds a State convention here
to place a complete State ticket in
the field for the elections this fall,
says D. Leigh Colvin, national chair-
man of the party.

The gubernatorial nominee prob-
ably will be Edward G. Dietrich of
Syracuse, N. Y., president of the Wes-
tern Methodist Church in the United
States. Mr. Colvin predicts that the
prohibitionists will undoubtedly sup-
port also the candidacy of Franklin
W. Cristman, independent dry Repub-
lican, for United States Senator.

"The present attacks on the Eight-
eenth Amendment and the Volstead
Act," said Mr. Colvin, discussing the
coming convention, "make rehabilitation
of the prohibition party in every
State an urgent necessity, which I
plan to emphasize strongly at our
national convention."

WETS ORGANIZING

On the other hand, W. H. Strayton,
chairman of the Association Against
the Prohibition Amendment, who has
just returned from a western tour,
said groups have been organized in
Illinois, Wisconsin, Missouri, Montana,
Colorado and Nevada, under the aus-
pices of his association. In Wiscon-
sin, Montana, Illinois and Colorado,
he said, plans have been made to in-
sure at the coming elections prohibi-
tion referenda similar to the one
to be voted on in New York State
this fall.

"Fourteen United States Senators,
of whom five are now claimed by
the drys," said Mr. Strayton, "will
receive mandates through these re-
ferenda, while 104 Representatives
will hear from the folks at home."

OUTLINES HOPES

"The seven referendum States will
have 118 votes in the Electoral Col-
lege. Outside of these seven, the Re-
publicans may count on 221 votes
from sure Republican States, while
the Democrats are certain of 156,
with sixty-four votes doubtful. To
choose a President, 226 votes in the
Electoral College are necessary. There-
fore, it is apparent that the 118
votes from referendum States, if cast
for one party, will determine the
Presidential election in 1928."

"If all these States go wet, neither
of the major parties can afford the
risk of alienating this bloc of elec-

BICYCLE BEGAN ROADS MOVE

Demand of Riders in 1925
Resulted in First Bond
Issue for Highways

SACRAMENTO, June 22. (AP)—
Bicycles may seem strangely
out of place on the highway
now, but it was an attempt
to provide firmer footing for
these rubber-tired vehicles
that prompted California's
first move for good roads.

The State Highway Commis-
sion said so in defense of bicy-
cles today, pointing out that
it was the demand of bicycle
riders for better roads in 1905
which led to the creation of the
first State Bureau of High-
ways, which in turn led to the
first highway bond issue
of 1909 and the State highway
system which present-day mo-
torists enjoy.

ROCKY ROAD NEARING FOR RIVERS BILL

Senate Committee Takes
Action on Cape Cod Canal
and Missouri Projects

WASHINGTON, June 22. (AP)—A
rocky road appeared today to be in
the making for the House rivers and
harbors bill, which drew nearer the
Senate floor with approval by the
Commerce Committee of the Missouri
River improvement and Cape Cod
canal-purchase provisions with modifi-
cations.

Chairman Jones expressed hope that
the committee would be able within
two or three days to get the measure
to the Senate, where it faces opposi-
tion to purchase of the canal, some
dissatisfaction on the part of Missouri
River interests because of the modifi-
cation made today, and bitter opposi-
tion from some Senators from
States along the Great Lakes to the
Illinois River improvement project,
approved yesterday.

Senator Howell, Republican, Ne-
braska, announcing that he will carry
to the floor his fight against purchase
of the canal for \$11,500,000, said that
the committee modification, stipulat-
ing the United States should not be
liable for interest on bonds of the
operating company until the govern-
ment has actual title to the property,
did not remove his objection.

POWER WORKER KILLED

GRASS VALLEY, June 22. (AP)—Al-
len D. Anderson, 25 years of age, a
native of Iowa, was killed instantly
at the Lake Mendocino power develop-
ment of the Pacific Gas and Electric
Company, fifty miles east of here,
when an air compressor he was op-
erating burst.

YEN RESIGNS AS PREMIER; TU IN POST

Marshals Chang Tso-Lin
and Wu Pei-Fu Invited to
Help Form Government

PEKING, June 22. (AP)—The resig-
nation of Dr. W. W. Yen as Premier
and Foreign Minister tonight marked
the first formal Cabinet meeting held
in Peking in many weeks, and was
followed by the appointment of Ad-
miral Tu Hse-Kwei, Minister of the
Navy, as acting Premier.

The Cabinet then drafted a formal
invitation to Marshals Chang Tso-
Lin and Wu Pei-Fu, the militarists
who dominate the North China situa-
tion, to come to Peking and assist
in the establishment of a stable gov-
ernment.

Dr. Yen announced the formation
of his ministry, embodying the ex-
ecutive authority as a "governing cabi-
net" in the absence of a president,
on May 13, last, but not until to-
night was he able to assemble a
majority of those he named as his
colleagues. Six of the nine ap-
pointees were present, and took part
in the drafting and issuance of man-
dates accepting Dr. Yen's resig-
nation and naming Admiral Tu to act
temporarily in his stead.

SMOOT CONFINED TO
HOME BY ILLNESS

WASHINGTON, June 22. (AP)—Sen-
ator Smoot, Republican, Utah, was
forced by illness today to leave his
office at the Capitol and go to his
home.

GIRLS LEAD SIGHTLESS VETERANS

Five Thousand Disabled
ex-Servicemen March in
Convention Parade

ATLANTA, June 22. (AP)—Their
footsteps guided by little girls, forty
blind veterans led the slow-moving
line of 5000 disabled World War vet-
erans over Peachtree street today
where, sixty-two years ago, the armistice
of a divided nation moved in battle.

Followed by those who had lost
either an arm or leg in the service
of their country, and then those
whose health was broken by gas or
shrapnel, the delegates to the sixth
annual convention of the veterans
moved down the famous avenue.

Despite their disabilities, cheer
dominated the line and enthusiasm
was voiced in lusty tones. Envoys of
the city and nation and soldiers from
Fort McPherson accompanied them
on their march.

PEACE PLEA IN CHILE

Plebiatice Leader Wags Citizens of
Tacna and Arica to Busy Trouble

ARICA (Chile) June 22. (AP)—In a
proclamation issued to the popula-
tion of Tacna and Arica, Agustín Ed-
wards, leader of the Chilean delega-
tion on the plebiatice commission,
appeals for calm and tranquillity in
the disputed provinces. He asks the
people to return to work and show
good feeling toward one another,
whether they are Chileans or Peruvians.

Yellow Cab

is pleased to announce
new, low rates

Effective today, Wednesday, and because of
the rapidly increasing use of Yellow Cabs in
and around Los Angeles, it is possible to an-
nounce the following new, low rates for
Yellow Cab service—

20c for the first 1/3 mile—
10c each 1/3 mile thereafter
—and no extra charge for extra passengers

5 can ride for the price of 1

Yellow Cab promised Los Angeles the best cab service
at the lowest possible rates. Here is how it keeps its
promise:

First, it raised the pay of Yellow Cab operators so as to
attract and keep in its employ the best cab operators in
the city.

Second, it abolished extra charges for extra passengers.

Third, now it announces new, low rates made possible
by the growth of its business.

The people of Los Angeles have shown by their patronage
that they appreciate Yellow Cab service.

When you want a cab, call a "Yellow."

In the Ensemble of 24 Pianos at Hollywood Bowl Last Night Over Half Were KNABES

Adolph Tandler, Conductor Abby De Avirett, Executive Organizer

In this mighty "chorus" of pianos, with 24 pianists playing on the
stage at the same time, over half of the twenty-four pianofortes
chosen were KNABES.

The preponderance of the KNABE prestige is again established—a
significant tribute to the musical perfection of this glorious master-
piece.

The participating artists, the majority of whom used the KNABE,
were:

Alice Batchelder	Hague Kinsey	Raymond McFeeters	Homer Simmons
Gertrude Cleophas	Alexander Kosloff	Claire Mellonino	Harold Smyth
Bess Daniels	Adelaide Lee	Elizabeth O'Neill	Violet Stallcup
Pauline Farquhar	Helena Lewyn	Adelaide Perry	Toska Tolces
Will Garroway	Francis Martin	Oscar Rasbach	Phillip Tronits
Homer Grunn	Ann McDowell	Gertrude Riese	Morris Wolfson

Tandler and De Avirett are both exclusive KNABE Artists

FRESH START IN
PACKERS' CASEGovernment Takes Steps to
Final SettlementLawsuit Involves Asserted
Food TrustCalifornia Canneries Past
Vital Issue

BY FREDERIC J. HASKIN
WASHINGTON, June 22. (Exclusive)—New developments in the famous Packers' Consent Decree case give promise of building this litigation up to perhaps the most important and protracted in many years. The government, through the Attorney-General, has initiated new steps to obtain a final settlement of the long-standing dispute and a fresh start in the determined fight has been taken. On the other hand, the packers are by no means abandoning the rights they claim, but are showing as much spirit as ever.

The last important step taken in the case was the decree of Justice Bailey of the Supreme Court of the District of Columbia, which suspended the Packers' Consent Decree indefinitely.

The Packers' Consent Decree was entered into in February, 1920. The government had given notice that it intended to sue the packers under the antitrust laws as being a combination in restraint of trade because the packers had branched out into what the Attorney-General declared unrelated lines of industry.

WIDESPREAD COMPLAINT
So widespread was the complaint among competing grocers and to some extent from the public to the effect that the packers were gradually erecting a gigantic food trust that the Department of Justice moved under the antitrust laws.

The packers themselves agreed to enter into what is called a consent decree. Its terms provided that the packers must refrain from the unrelated lines.

While it appeared at first a relatively simple matter for the packers and the government to agree to this, complications arose which showed that it was not so easy. In the course of their handling of goods other than meats the packers had made contracts, notably a large one with the California Canneries, Inc. This contract provided that Armour & Co. should take over and distribute the canned fruits and vegetables of the canneries.

The California Canneries filed a

WHY DO WORMS LEAVE HOME?

SACRAMENTO, June 22. (AP)—Angeworms that escape in the night are causing anxiety to George H. Forbes, San Jose. In a letter to Director of Agriculture Hecke today, Forbes relates he has been trying to breed angworms in his back yard for some time. He says the worms refuse to be conjoined, however, and regularly "escape during the night." He ventures to hope the Department of Agriculture will tell him why the worms leave home and what he must do to keep them well nourished and happy.

petition in the Supreme Court of the District of Columbia praying to be permitted to intervene in the consent decree for the purpose of enforcing their contract with Armour.

The Supreme Court of the District of Columbia dismissed the petition, whereupon the canneries, nothing daunted, appealed to the Court of Appeals of the District of Columbia. This higher court reversed the inferior Supreme Court and held that the canneries should be permitted to intervene to defend their contract.

There ensued a spirited chapter of the famous lawsuit with the result that on May 1, 1926, five years after the original consent decree was entered, the Supreme Court suspended the consent decree indefinitely so that the contract between Armour & Co. and the California Canneries might be performed.

By rendering this initial victory as an entering wedge, Armour & Co. and Swift & Co. then proceeded to file motions with the Supreme Court of the District of Columbia, which suspended the consent decree had been indefinitely suspended, it might as well be declared entirely void.

PRESENT STATUS
This is practically the situation now. While the consent decree was suspended merely to permit performance of the canneries' contract, the suspending decree had the effect of throwing open the whole field to the packers. They now are free to operate stock yards, newspapers, railroads, sell groceries, building materials, run motion-picture shows, if they desire, or enter any kind of business. The canneries' contract was but an incidental fraction of the so-called unrelated activities of the packers, but as the decree was suspended on the principle involved in that case, all the other business was freed at the same time.

The Supreme Court of the District of Columbia decided the motion to vacate completely the consent decree and the packers appealed to the Court of Appeals.

Now the fresh step taken by the government is the filing of a motion, now pending, declaring that the Court of Appeals is without jurisdiction to act under the decree of the District of Columbia and, therefore, cannot do otherwise than dismiss the motion of the packers to vacate the decree.

One of the points of special interest in the new turn the litigation has taken is that, should the Court of

Appeals dismiss the packers' motion to vacate the consent decree, the Attorney-General might then enter a motion asking that the Court's earlier ruling, holding that the California canneries could be permitted to intervene, be reversed. This step is being studied at the Department of Justice. The position is that if the Court of Appeals finds it has no jurisdiction to entertain a motion to vacate the consent decree, then it has no jurisdiction to permit the canneries to intervene in the original antitrust proceeding.

Should such a ruling be handed down the whole canneries' case would fall to the ground and the Packers' Consent Decree would be automatically null and void, the packers finding themselves again at large from trading in unrelated lines.

MORALIZES
ON SUICIDE
OF ACTRESSCoroner's Reflections Sum
Up Life of Mlle. Flory at
London Inquest

LONDON, June 22. (AP)—The tragic death of Mlle. Regine Flory, Parisian actress and dancer, who committed suicide in the office of Sir Alfred Butt, director of the Drury Lane Theatre, last Thursday night, moved the Coroner of Westminster, Ingleby Odie, to unburden himself of certain reflections on morality when the inquiry ended today.

"It is the humanity of people like Mlle. Regine Flory, who go to bed at 6 o'clock in the morning and still cannot sleep, who take drugs to keep themselves going; whose life is one of excitement, to suffer from tedium vitae, depression and suicidal tendencies."

Thus the Coroner summed up the private life of Mlle. Flory at the inquest. The verdict was that she shot herself while of unsound mind.

The Coroner reviewed the sad, strange story of the beautiful, brilliant woman of 34, who ended her life in a fit of pique because she could not obtain an engagement in London.

"She was well off, with jewelry, expensive clothes; she had no difficulty in getting an engagement; she had many admirers and there was no question of financial trouble, yet she shot herself," the Coroner commented.

Bus Inquiry to
be Held Here
on August 17

WASHINGTON, June 22. (Exclusive)—The Interstate Commerce Commission will make a nation-wide investigation of bus and truck operating conditions which will be followed with recommendations to Congress as to whether a law to regulate motor bus operation in interstate commerce should be enacted.

The commission issued the order for the investigation on the 18th inst. making its scope great enough to insure a broad and searching survey of conditions in the rapidly growing industry throughout the country. Hearings are to be held in thirteen cities, in each of which local conditions will be investigated thoroughly. With data compiled from these thirteen sources, a hearing upon the nation as a whole will follow in Washington. The Washington hearing will be opened on September 20.

MAN HELD IN ATTEMPT
TO BLOW UP CHURCH
TORONTO, June 22. (AP)—William Shelly is under arrest charged with attempting to blow up St. Mary's Roman Catholic Church with dynamite on the 10th inst. The police say he told them he had been "let apart" by the Ku Klux Klan to do the work.

INDIANS AVOID PROFESSIONS
LAWRENCE (Kan.), June 22. (AP)—There were a good many potential chiefs among the young braves who were graduated from Haskell Indian Institute this spring. There were handfuls of boys prepared for life as "merchants," but not a lawyer nor a doctor among them. Haskell graduated its largest class, with forty-three boys and sixty-seven girls.

ST. LOUIS, June 22. (AP)—Three robbers today held up two messengers of the Union-Easton Trust Company and escaped with \$14,000.

CADET AND
AIR VETERAN
DIE IN CRASHMajor of Nine Years' Flying
Experience Killed With
West-Pointer in Exhibition

MITCHELL FIELD (N. Y.), June 22. (AP)—A West Point graduate who had risen to the rank of major and had seen nine years of flying service without an accident and a West Point cadet who was making his first flight were killed today when their De Havilland plane crashed near the landing field here.

The major was William L. Moore, Jr., 46 years of age, in charge of the air-service reserve of the Second Corps Area, and formerly commandant of Mitchell Field. The cadet was William Point, who would have graduated from West Point next year and who had arrived at the field only yesterday with 105 other cadets for summer courses in aeronautics.

A series of demonstrations for the benefit of the West Point cadets was in progress when the accident occurred. An officer in the observation tower at Mitchell Field saw the De Havilland plane go into a tail spin at a height of 300 feet during an apparent attempt to make a left turn. In slow spirals it fell to earth, crashing in a wooded section of the Cold Stream golf course.

When rescue officers arrived at the scene the plane had been destroyed by fire. The bodies were burned beyond recognition.

PAK MESSAGERS ROBBED
ST. LOUIS, June 22. (AP)—Three robbers today held up two messengers of the Union-Easton Trust Company and escaped with \$14,000.

SUSPECT'S SON TELLS SECRET

Details Recited in Killing of Porterville Recluse

Boy Sherlock Holmes Worms Story from Playmate

Self-Defense Plea Made by Confessed Murderer

PORTERVILLE, June 22.—Buried treasure was the pictured reward of the boy Sherlock Holmes, as an inducement in obtaining information which finally led to the arrest of Francisco Maebias, now self-confessed murderer, who Sunday afternoon led local and county officials to a hidden well pit in his potato patch, where the body of M. P. Virgil, aged recluse, his victim, had laid since last September.

Mike, a bright 15-year-old student at the Alta Vista school, southeast of Porterville, happened at the eighth grade this year, reside with his parents, Mr. and Mrs. E. M. Smith, on a ranch.

Virgil came to his death from a fractured skull, caused by blows from a mallet wielded by Francisco Maebias, according to verdict returned at an inquest conducted here this afternoon by County Coroner J. M. Hadley and Dist. Atty. Leroy McCormick of Tulare county.

McCormick stated that first-degree murder charges would probably be filed against Maebias within a few days.

San Maebias, 14, furnished the thrill of the afternoon when he told of Virgil's disappearance on September 23, last, his father dumping the body in the well, endeavoring to burn it and then planting a garden after it was filled.

Virgil came to his death from a fractured skull, caused by blows from a mallet wielded by Francisco Maebias, according to verdict returned at an inquest conducted here this afternoon by County Coroner J. M. Hadley and Dist. Atty. Leroy McCormick of Tulare county.

McCormick stated that first-degree murder charges would probably be filed against Maebias within a few days.

San Maebias, 14, furnished the thrill of the afternoon when he told of Virgil's disappearance on September 23, last, his father dumping the body in the well, endeavoring to burn it and then planting a garden after it was filled.

San Diego Flying Body Flayed for Late Accidents

SAN DIEGO, June 22.—Attention of the Common Council was called this morning to alleged failure of the air board of control to investigate the recent accidents from flying and neglect in enforcing air rules some time ago adopted. The council also is asked to investigate and ascertain why the air board of control failed to investigate the accident to Miss Margaret Williams and why she was killed.

These requests of the Common Council come from the board of directors and the aviation committee of the Chamber of Commerce. They were filed by John Lawrence Fox, executive secretary of the Chamber of Commerce, and are to come before the council at its next session next Monday.

Margaret Williams was flying a plane which fell three weeks ago last Saturday. Miss Williams is a member of a prominent San Diego family. The Chamber of Commerce is seeking investigation as to whether or not the rules adopted to regulate commercial flying are being observed by the commercial aviation concern, maintaining aircraft for pleasure purposes.

Ontario Council Grants Increase to City's Peace Officers

ONTARIO, June 22.—Possibly setting up the theory that "every little bit helps," members of the City Council, in session late last night, acted favorably upon the recommendation of the Police Committee, and voted to increase the salaries of Ontario police officers.

The salary boosts, which affect patrolmen, two motor officers and police captain, range from \$18 to \$21 a month and become effective July 1.

Notwithstanding the new scale of salaries, Ontario officers who called police force in any city of like size in California. Capt. Arthur Askey, Thursday, he confessed that Saturday night, they said. Officers combed the potato patch until late Sunday afternoon.

As the men worked, Maebias' nerve broke and grabbing a grade iron stoke to the exact spot and drove it through almost to the timbers of the old well, later getting into the pit and helping to remove the body.

Maebias declares that Virgil came to attack him, and that he was killed him in self-defense. His wife and eight children deny any knowledge of his last careful question by Dep. Dist. Atty. Williams, investigator in charge of the work, apparently substantiated the story told by the Smiths, and to the boy, Mike, Virgil was 91 and Maebias is 40.

Imperial Club Asks for Flood Emergency Fund

BRATTLE, June 22.—Pointing to the recent break in the Colorado River levee system, as evidence of the flood hazard that confronts Imperial Valley, members of the Colorado River Control Club this week renewed their appeal to Secretary Hoover and Chairman McNary of the Senate Irrigation Committee for an emergency appropriation to protect the district until a flood-control dam be constructed in the upper river.

A low flood discharge has saved the valley from serious danger this season, it was pointed out in the telegram to Washington, but with heavy snows on the watershed and a high flood possible at any time, action should be made at once to insure protection for the valley.

Control Club members charge that Congressman Paul Spring and Senator Johnson have been negligent in failing to seek an emergency appropriation for immediate protection work, pending the outcome over Boulder legislation.

SLED RUNNERS CAUSE LAPANZO CANYON FIRE

SANTA BARBARA, June 22.—Sled runners drawn over a grass field caused the brush fire in Lapanzo Canyon last week, Frank E. Robinson, assistant forest supervisor, said today. Heavy runners pulled over the grass caused friction which kindled the flames. The flames swept over the grass and into brush lands. Fifty acres of brush was burned before the fire was extinguished. Aside from the loss of watershed protection, damage was estimated by foresters at \$45.

CONPLAINING MATE FREE

RANDOLPH, June 22.—Irene Leonard has been granted an interlocutory decree of divorce from Joseph L. Leonard by Judge J. W. Brannan in the county court here.

Leonard was charged with adultery and cohabitation. The plaintiff asserted that her spouse complained of her clothes and companions and objected to using face powder and curling her hair. Plaintiff was given custody of a minor child.

FIRE WORTH MILLIONS

SEATTLE, June 22.—(P.)—Furnishings from Alaska to the United States since its purchase in 1867 have been appraised at \$60,000,000. The value of last year's output was \$3,000,000.

Kale Means Cash Not Green, to Hold-up Man

GLENDALE, June 22.—A fruit and vegetable stand at 1381 East Colorado Boulevard, is learning more about the United States language every day, and the latest information was gathered early this morning when he learned the true, or inward, meaning of the word "kale."

Nishimoto was accosted by a customer, who started the conversation with the word "kale." Nishimoto, who was working at the fruit and vegetable stand, was asked to show him some kale.

Robert C. Jones is believed to have been the name of one of the parties to the quarrel, police say. The house, owned by McCough, was left in chaos, with furniture overturned and broken.

CLAREMONT SCHOOL PRINCIPAL RESIGNS

CLAREMONT, June 22.—Coming as an unexpected move, C. H. Covell, superintendent of the Claremont public schools, and principal of the high school, tendered his resignation to the Claremont School Board at a meeting held last night.

Mr. Covell had called the meeting of the board for the purpose of selecting new teachers for next year and his resignation came as a complete surprise to the community. The press of personal affairs was given as the reason for his resignation. Sup. Covell has held his position here for four years, coming here from Redlands.

VAN NUYS GRADUATES FIFTY-THREE PUPILS

VAN NUYS, June 22.—A senior class of fifty-three members was graduated tonight in the auditorium of the Van Nuys High School. Ralph Malcolm was given the Egebebe Honor diploma.

Harold Gerhart were class speakers. Diplomas were awarded by Robert A. Hall, principal, and the Van Nuys elementary school will conduct its commencement exercises on Thursday, at which time a huge children's party will be given in honor of the forty pupils passing on to the junior high school.

ALHAMBRA STREETS GIVEN NEW NAMES

ALHAMBRA, June 22.—Three local streets have new names. The City Commission, adopted the ordinance changing the name of Delbert avenue to South Eighth street; Midway Drive to Curtis avenue and Newlands avenue to Glenwood Way. Street openings and extensions have made certain street names confusing and this was the reason for the new names.

The matter of changing the name of Main street and has referred it to the Planning Commission for investigation.

CORONER WILL SEEK GIRL'S DEATH FACTS

An inquest will be conducted by the coroner's office today at 1:30 p.m. over the body of Neva Brown, 18 years of age, whose mangled corpse was found Monday morning under the Rio Hondo bridge on the Santa Fe railroad. The girl is believed to have been killed by a train while she was returning late Sunday night to her home near the scene of the accident.

CAMPION OFFICER OPENED

Campaign headquarters were opened yesterday in the H. W. Helman Building, Fourth and Spring streets, for Judge Harry Holzer, who will be a candidate at the August primaries, to succeed himself as a judge of the Los Angeles county Superior Court.

W. F. Gelling of Jacksonville, Fla.; Mr. and Mrs. J. A. Curtis of Lake Wales, and Mrs. Virginia C. Thomas of Tallahassee.

All of the large hotels of the city continue to report that the winter hotel season of the past is becoming a year-round season for easterners seeking recreation.

ARMONA VOTES TO JOIN MOSQUITO FIGHT

ARMONA, June 22.—The Chamber of Commerce has voted unanimously to join the mosquito abatement district to be formed, including Hanford and contiguous areas. Sanitary Engineer Edward Stuyvesant, who is in charge of the health, in charge of malaria control, in addressing the meeting stated that there are eighteen such districts organized and operating under an act of the Legislature passed in 1917.

SAN DIEGO CLUB TO AID RESERVE

Organization to Raise Funds for R.O.T.C.

Board of Education Lends Support Also

Lack of Cash Laid to Influence of Pacifist

SAN DIEGO, June 22.—A drive, which it is hoped will spread throughout the entire country, was launched here today by the Hammer Club, when that organization volunteered to lend its efforts to fostering a drive for funds to maintain the reserve officers training corps units in the local high school.

The San Diego unit as well as other similar ones in the R.O.T.C. as it is popular known, seemed doomed because of shortage of funds in the War Department which is caused, it was charged by Col. Jordan, head of the R.O.T.C. work in the Ninth Corps area by the efforts of the organized pacifists to drive military training out of the schools.

A hurriedly organized committee of Hammer Club members met with the school board and the latter body assured the American Legion of its hearty support in the matter. The situation was placed before the school board by Commander Clifford E. Fitzgerald of the San Diego post immediately after Capt. A. J. O'Keefe of the R.O.T.C. had made his report.

The first session of the school board was unanimously passed on a motion by Claude Woolman to employ Sergeant Holloway of the training corps as property custodian at a salary sufficient to enable him to continue his work with the units under Capt. O'Keefe.

Members of the Legion are confident that they are not alone in their fight to maintain the R.O.T.C. in the high schools of the nation. The Legion believes that the units are too valuable to be sacrificed to satisfy the pacifists who are seeking to halt the national security of the country gained through the universal military training and it is to foster co-operation in this work.

It is hoped the movement will not only secure funds to keep the local unit in existence next year but that the plan for appropriations will be made in the future to enlarge as well as maintain the corps.

REQUEST UNCOMMON

Banker Will Put in Own Paving if He Can Supervise It

ALHAMBRA, June 22.—Jackson A. Graves, Los Angeles banker and a resident of Alhambra at 330 Huntington Drive, wants the street in front of Orange Grove and Pasadena avenues paved, and he is willing to do the work himself.

Mr. Graves wrote the City Commission that he desired to pave Huntington Drive from Monterey street to Orange Grove and Pasadena avenues. He said he believed old property owners would join him in contracting for the job. Mr. Graves said he could do most of the work in the district affected.

Although the request was an unusual one, the City Commissioners voted to grant it, but declared they would not obligate the city to maintain the new paving if it should need repaving.

The banker's action will save the city officials time and expense in preparing plans for the improvement, and will save the city money by not having to pay for the work.

MOTORCYCLIST HURT

YOUTH CRASHES INTO AUTO AT CORNER WITH SERIOUS RESULTS

PASADENA, June 22.—Joe Pintarelli, 19 years of age, was seriously injured this morning when the motorcycle which he was riding collided with the automobile of Mrs. W. F. Lacy, 2006 Kirkwood avenue. Pintarelli suffered a brain concussion and fractured his left arm and right leg.

The pictures were quickly ordered and the matter laid over for further consideration.

DRY FINES MOUNT

More than \$1000 Collected in Two Days by Bakersfield Judge

BAKERSFIELD, June 22.—More than \$1000 in fines, mostly for violations of the Wright Act and various phases of the prohibition law, has been collected in Police Court during the last two days by Police Judge Pinyan.

Those who have paid fines are Desu Gernia, Mrs. Martin Jarwood, C. F. Tract, Morris Sumner and Robert Venick.

Garnis and Mrs. Jarwood were brought before the judge on charges of possession and liquor transportation, respectively. Both pleaded guilty and their fines totaled \$850. Mrs. Jarwood paid both. Nine gallons of wine were found in Garnis's garage and one gallon was found in her house.

Mrs. Jarwood told Judge Fry that the wine found in her house was for medicinal purposes and that she was transporting it to her house. After paying her own fine of \$800 on a charge of possession for the liquor she was to have been found in her house and garage, she wrote another check to the amount of \$550 to save Garnis from spending 180 days in the County Jail.

GOODCELL TO ADDRESS BAY CHURCH BANQUET

SANTA MONICA, June 22.—Rex B. Goodcell, gubernatorial candidate, is listed as chief speaker at the Grace Methodist Episcopal Church banquet tonight in the Miramar Hotel. Dr. W. B. March, townmaster, Walter A. Macoset and R. N. H. McAdams are supplied by the program. Music will be furnished by the choir.

ARMONA, June 22.—The Chamber of Commerce has voted unanimously to join the mosquito abatement district to be formed, including Hanford and contiguous areas. Sanitary Engineer Edward Stuyvesant, who is in charge of the health, in charge of malaria control, in addressing the meeting stated that there are eighteen such districts organized and operating under an act of the Legislature passed in 1917.

POWER OF MONEY PROVEN

Row Over Fifty Cents Sends One Man to Jail, and Another Applies Liniment to His Anatomy

ONTARIO, June 22.—An argument over 50 cents, followed by a pitched battle, ended disastrously for both participants and today finds W. M. Ota, plasterer, 1132 East A street, residing in the City Jail, following a futile attempt to raise bail, and J. W. Moore, contractor and grocer, sticking close to his home at 1115 East A street, occupying his time in applying arnica and ointment to various portions of a painful anatomy.

According to Ota, a former employee of Moore, the trouble began brewing some weeks ago when his employer came to him and asked that he sign a receipt for wages, in full to date, in order that Moore might collect on his contract with a Riverside concern.

Ota avers that he refused to do so, claiming Moore was owing him several weeks' pay, but went to the Riverside people and stopped the contractor from obtaining his money until the workmen were paid.

It is reported that matters were brought to a climax yesterday when Moore called on Ota and demanded the return of a piece of hose and the latter refused to relinquish it until Moore paid him \$50 cents, which amount he alleged he had spent for repairs on same.

After an exchange of heated words, it is said that Moore picked up a five-foot board and invited Ota to "come and get it." The invitation was accepted, but during the struggle, the injured man stating that he dropped the board and ran and stone and kicked him after he had picked up what he describes as a pole, but denies striking the other man with anything but his bare fist.

A battery charge against Ota was first sworn to by H. T. Pools, an employee of the contractor, but last night this was discarded when a warrant was issued on the complaint of B. H. Thomas, charging assault with a deadly weapon.

When Ota was arraigned before Judge Holbrook his \$1000 bail was set for July 13. Up to a late hour today he had been unable to raise the necessary bail.

Phone Company Sale Reported in Long Beach

LONG BEACH, June 22.—(Revised)—Reports current today that an eastern syndicate, identity unknown, had taken over the plant and the lines of the Associated Telephone Company, operating in Long Beach and San Bernardino, were partly confirmed here.

Because of the absence from the city of Sam H. Hefley, manager of the company, details of the transaction and the identity of the purchaser could not be learned. According to reports, the New York company is to take over the property for a group of Michigan capitalists, but reports that the Associated holdings have at last been merged into the Bell telephone system could not be confirmed.

First intimation of a change in ownership of the Associated came to minority stockholders, who received the circular from Michael Trully & Co. of Los Angeles, which stated that control had been purchased by "eastern syndicate" and offered to take all minority stock at the rate of \$12 a share. The circular bears the date of the 16th inst., and states that the plan to purchase shares will expire July 15, next.

MAP OF POCKET SIZE PUT OUT IN VALLEY

VAN NUYS, June 22.—A new pocket-size map of San Fernando Valley has just been put out by its makers, and covers the entire valley, including Burbank, Sunland and Tujunga, gives the base house numbers, and shows the surrounding hills in the exact topography of the land.

Howard Saunders, in charge of the cartographic department of the Van Nuys branch of the City Engineer's office, is the maker of the map. He has been complimented by officials of the United States Geological Survey, where several years ago he received his first training in government map drawing. The map is one of the best put out in the valley and will be used for advertising purposes by most of the real estate firms in San Fernando Valley, especially because of its convenient pocket size.

LANKERSHIM ROTARY HAS CHARTER NIGHT

ENCIENO, June 22.—About 800 persons, Rotarians and their guests, last night attended the charter night celebration of the Lankershim Rotary Club, which was conducted at the Encino Country Club. Rotarians from all over the Southland were present. Jesse H. Chambers, prominent member of the Santa Monica Rotary Club, presided. The address of welcome was made by Rev. Glenn Phillips of the Lankershim club, and pastor of the Lankershim Community Church. Response was made by Past District Governor Harry Mason. The charter presentation was made by Governor Tom Bridges, the charter being formally accepted by President Roy Forsyth of the Lankershim club, who was accompanied by his wife and daughter, and closed with a musical entertainment and dancing.

MISSING REDLANDS YOUNG MAN RETURNS

REDLANDS, June 22.—Charles Cline has been missing since Thursday night has returned to his home on Fourth street. He was seen this morning and when pressed for information as to where he had been, he said he did not remember. It was reported to the police by his father, early this morning that he has returned.

THE MISSION ACRES GRADUATION

MISSION ACRES, June 22.—The graduation exercises at the Mission Acres elementary school will be conducted tomorrow night. A special program has been prepared. The class this year is the largest in the history of the school.

NOTAS TELEGRAFICAS
WASHINGTON, June 22.—Ha firmado el Presidente Coolidge el proyecto de ley de subsidios federales para carreteras.
Ha continuado en el senado la revisión del proyecto de ley agrícola de McNary, y ya se acerca este al voto final.
Se ha estado haciendo una investigación acerca de las actividades de la Unión de Temperancia de Mujeres Cristianas en las elecciones primarias republicanas de Pensilvania.
Carl Williams, publicista de Oklahoma, ha sido nombrado quinto miembro de la junta medidora de ferrocarriles.
Han sido aprobados por la comisión de Comercio del senado los proyectos modificados del río Missouri y del río Colorado.

PARIS, June 22.—La ratificación o la repudiación del convenio de Washington relativo a la deuda, así como las decisiones sobre las demás cuestiones atañedoras a la estabilización del cambio y la final renovación de la hacienda francesa, serán los factores que vayan a determinar si ha de anunciarse oficialmente el décimo gabinete de Aristide Briand, que ha sido ya enteramente reclutado.
Paul Doumer, a quien se ha pedido que acepte la cartera de Hacienda, que dejó hace como cuatro meses tras una votación adversa en la cámara, ha puesto por condición para aceptar, que los miembros del nuevo consejo se pongan previamente de acuerdo acerca del programa hacendario preciso y definitivo, que el ministerio se comprometa firmemente a defender sin empujones alguna ante el parlamento.
Este programa, que ha sido discutido hoy cerca de tres horas por el primer ministro Briand, el señor Doumer y otros, tépese entendido que entrará una nueva consolidación de la deuda interior, a menor tipo de interés, y un aumento de contribuciones directas, con reducciones correlativas de aquellos impuestos que, según los peritos, han provocado la exportación del capital.
El señor Doumer se opone a la ratificación del pacto de Washington sobre la deuda, porque lo cree demasiado oneroso, pero la comisión de especialistas en finanzas lo considera esencial para la estabilización. Esta cuestión se discutirá extensamente en la conferencia de hoy.
Se dice que también el señor Poincaré se opone a la ratificación, al paso que el señor Briand y sus colegas del último gabinete caído insisten en que se acepte el pacto. Sosteniendo que el se deja este punto sin resolver, será imposible la estabilización del franco.
Iban a dar las doce del día cuando se suspendió la discusión, para dar lugar a que el señor Briand consultara con los miembros de su gabinete.

ROOSTER MINUS
CROW SOUGHT
Santa Ana Resident Urges Vaccination to Still Its Voice
SANTA ANA, June 22.—Vaccination of roosters to prevent them from crowing in the early hours of the morning, thus depriving persons of their sleep, was urged by L. A. Sweet, 411 South Shelton street, appearing before the City Trustees.
Sweet complained against a neighbor who has built a chicken-house on his premises. Investigation of the case revealed that the chicken fencer was perfectly within his rights, having complied with the law requiring that the roosts be kept at a distance of twenty-five feet from the dwelling.
Sweet, who is a resident of Santa Ana, said that he had written to the city engineer and the city clerk, but had received no answer. He said that he had written to the city engineer and the city clerk, but had received no answer. He said that he had written to the city engineer and the city clerk, but had received no answer.

NOTAS LOCALES
Bella Muchacha a Quien Parecen Respetar las Balas
A pesar de que las balas estrallaron el parabrisas de un auto, haciendo llover fragmentos de vidrio sobre la cabeza de Billie Brock, bella muchacha de 20 años, que se agachó en el asiento del coche, salió ésta ileso. El auto se hallaba en la esquina del bulevar de Hollywood y la calle de Argyle, el día de ayer, y los balazos obedecieron a que Lester Dwyer, quien se acompañaba a la señorita Brock, y a quien se sospechaba de robo, trató de defenderse a tiros de dos detectives de la policía.
La pistola de Dwyer se atascó, y un momento después, el teniente detective Dwyer le dio un tiro en el brazo, que cayó al suelo. Dwyer se echó a correr por la calle de Argyle y se metió en el patio de un "bungalow". Dwyer entró por un lado del edificio y el teniente detective Taylor por el otro, de tal suerte que cuando Dwyer volvió sobre sus pasos, dio de bruces sobre Taylor, quien lo privó del sentido mediante un golpe con el cabo de su pesado revólver reanimatorio.
Los pestones que pasaban por el bulevar de Hollywood, y que, espantados, se habían puesto en cobro tras de los árboles y autos apartados durante el tiroteo, salieron de sus diversos escondrijos cuando ya venían Taylor y Dwyer, vencedores del peligroso malandrín. Este último fue curado en la Casa de Socorro y devuelto a la comisaría de Hollywood.
Allí fue identificado, según dice la policía, como uno de los dos delirios que penetraron el jueves último en una tienda de radio, sita en la avenida de Santa Bárbara Oeste, 1100, y que recibió el hombre un balazo disparado por H. I. Green, propietario de la tienda. Dos horas más adelante, el propio Green, pistola en mano, obligó al doctor C. E. Gross a que le curara la herida en la Estación de Urgencia de los Médicos de Hollywood, sita en la calle de Gower Norte. Dices que ya ha confesado Green ser el individuo herido en la tienda de Green.
La señorita Brock dice que conocía a Dwyer desde hace un año; pero que no sabía cuáles fueran sus cuentas pendientes con la policía.

MEET NEXT SATURDAY
LANKERSHIM, June 22.—A group of more than 100 walnut growers from the Lankershim Valley will meet at the Lankershim Valley Hotel on Saturday at 10 o'clock. The meeting is being held to discuss the proposed new walnut growers' association.

ROTARY
MEET NEXT NIGHT
About 800 persons, their guests, charter night members of the Rotary Club of Los Angeles will meet at the Lankershim Valley Hotel on Saturday at 10 o'clock.

ANDS
RETURNS
Charles Cline, who has been in the hospital for some time, has now returned to his home.

WOMAN SAYS
Son Betrayed
Pledge to H
SANTA ANA, June 22.—A woman who has been promising to look after her son's declining days if he were to die, has now broken her promise. Mrs. Charles E. Ramella, who was involved in a lawsuit at the Los Angeles County Hospital for treatment of her son, has now broken her promise to look after her son's declining days if he were to die.

WALNUT GROWERS
MEET NEXT SATURDAY
LANKERSHIM, June 22.—A group of more than 100 walnut growers from the Lankershim Valley will meet at the Lankershim Valley Hotel on Saturday at 10 o'clock. The meeting is being held to discuss the proposed new walnut growers' association.

ROTARY
MEET NEXT NIGHT

RETURNS
Charles Cline, who has been in the hospital for some time, has now returned to his home.

I Will Put You in the Subdivision Business
Salesmanagers, Attention!
You'll never "take a trip to Europe" while working for "the other fellow." Come see me. You furnish the experience and organization. I'll furnish you an improved, well-located sub-division to be sold on easy terms. You can make more money on my deal than as salesmen on any tract in Southern California. Haven't you been "riding on the other fellow's wagon long enough?" Hours, 9 a. m. to 3 p. m. daily.
E. L. DUFFY
602 Natl. City Bank Bldg.

The May Company

Sesqui-centennial This Year
When the Centennial Exhibition was held in Philadelphia in 1876, Lydia E. Pinkham, a woman in Lynn, Mass., was just beginning to market her root and herb medicine. Her first large order was for eighteen dollars worth.

MAN FATALLY INJURED
ASKS AID FOR FRIEND
SNOWFLAKE (Ariz), June 22. (Exclusive)—Thomas Block, 31 years of age, a railway bridge builder for the Cady Lumber Corporation, brought into Snowflake after an automobile accident, urged that his companion be cared for first. "He's badly hurt," Block declared, "and there's nothing much the matter with me." Five minutes later he died. The second man, J. W. Calhoun of Holbrook, is living, with a gash in his head and a broken forearm.

WESTERN LINES VALUED
WASHINGTON, June 22. (AP)—The Interstate Commerce Commission today tentatively valued the Pacific Coast Railroad of Washington at \$8,029,160 as of June 30, 1916. Value of the Nevada Central Railroad was fixed at \$528,500 as of June 30, 1917.

The citrus market was without change or feature today, the California Fruit Growers' Exchange reports. The price of lemons at the exchange was \$1.00 per box, same as yesterday, while prices of grapefruit were unchanged since 1936 and 1939, the exchange stated. But on the whole no decided changes was perceptible.						
The citrus marketing today were a true reflection of the general tone of citrus sale.						
UNITED STATES PRICE LIST						
Estimates are given by size on representative sales of citrus, as reported to the exchange:

[illegible][illegible]

July finished at 14.91% (14.91% to 15.00%), May, 1947 and September were sold at a new low on the crop and closed 14.61% lower. July rates being down to 14.85 and September 14.65. The September-October rally, with July 19.04%, September 17.61% and December 17.14%. Cows were unchanged to 16c lower, with all classes of calves 10c lower. The market was firm at the season, July finishing at 19.5% and September at 18.9%. New 14.11% (14.11% to 14.20%) and September 14.0%.

Trade in wheat futures was decidedly more active than in wheat. There was selling over-extended to eastern and southwestern account, the latter holding against cash grain, but the pressure came from the West and short interest was responsible for the rally from the April advance.

Part of the buying around the low point was for local account, the trade in the West being more active. The rally was not sustained and position would not be out of line. The futures paid less attention to the break in June when premiums thin of the West. The market was not so active in the Southwest were decidedly favorable, with

September for August-September differential. In June and July 19c (new) and Houston was evidence in the deferred differentials, which, however, were approximately 10c lower than sharply. Fubling was heard of export demand.

Local and meat futures closed at the best price with not gain on 14c of 19.95c, but the market was firm. The market was firm, with the last early crop no moderate selling, which, however, by market between and prices were unchanged. Cash demand for local and meat limited. Hogs declined, despite smaller interest in late west and last part. The market was moderate.

forecast for generally fair and occasional
warm. The seasonal reported average has
been fair from now until the last, with ex-
ceptions of 500,000 to 800,000 bushels in all pos-
itions.

Drumheller estimated that the world's import
needs for the coming season would be 750,000,000
or 80,000,000 bushels in excess of the excess of
the present year, but failed to bring in any surplus.

Drumheller's estimate of the American and Canadian
Northwest were more optimistic, but it is gen-
erally believed that irreparable damage was done
to spring wheat by the late season.

Reports from the Northwest were more
reassured from the Northwest suggesting that yields

Oil Field Practice

—FIELD UP—

Shraddell Oil Company's Rose-
ville well in the Maxwell area
of the Buckhorn field continues to
pour 4,000,000 cubic feet of
oil, according to field re-
ports. This is the largest field
production under which the gas
has been produced in
this year.

Bond Salesman

A nationally known investment banking house offering an exceptional opportunity on its sales force to men who desire to establish themselves on a desirable basis as regards remuneration and prospects of advancement in responsible positions. Such men may have an established clientele and local experience. Give full details in first letter at which time an interview will be arranged. All correspondence treated with strictest confidence. Our sales force has been advised of this advertisement. Address

GIRL COWERS AS
REVOLVERS SPITCompanion Arrested After
Battle With PolicePedestrians Scamper During
Shower of BulletsSuspect Wanted in Robbery
of Radio Store

Bullets crashed through the windshield and sent showers of glass cascading above the head of pretty Billie Brock, 30 years of age, cowering in the seat of an automobile at Hollywood Boulevard and Argyle street yesterday as her companion, Lester Dwight Morry, a robbery suspect, sought to "shoot it out" with two police detectives.

Morry's gun jammed, and a moment later Detective Lieutenant Dwight shot the weapon from his hand. Morry fled down Argyle street, and turned into a bungalow court. Dwight turned in on one side of the building. Detective Lieutenant Taylor on the other, and Morry, doubling back, ran headlong into Taylor, who knocked him senseless with the butt of his heavy police revolver.

Pedestrians on Hollywood Boulevard, who had scrambled madly to the shelter of trees and parked cars during the fusillade of shots, returned to curbs and walks again as Taylor and Dwight conquered the suspect. Morry was treated at Receiving Hospital and returned to the Hollywood station.

There, according to the police, he was identified as one of two men who broke into a radio shop last Thursday at 1505 West Santa Barbara avenue, was shot in the shoulder by the proprietor, H. L. Green, and two hours later at the point of a gun forced Dr. C. E. Gross to dress his wound at the Hollywood Physicians' Emergency Station on North Cower street. Morry is said to have admitted he is the man wounded in the radio shop burglary attempt.

Dwight and Taylor stated yesterday they had been searching several days for Morry on a description furnished by Dr. Gross and his nurse, Patrick O'Reilly. They learned that a man answering his description had tried to sell an automobile at a Hollywood used car agency. Obtaining a description of the car, the two detectives continued their search and ran across Morry and Miss Brock shortly after noon. They crowded Morry's car into the curb and ordered him to "stick 'em up." Morry leaped from the machine, drew an automatic and began firing above the head of the terrified girl. The arrest followed. Miss Brock, who was looked as a material witness, said she had known Morry a year, but was unaware he had been in trouble with the police. She had been in the hospital recently, she added, and met Morry yesterday for the first time in a number of months.

Morry also is said by police to be wanted by officers of the University station on charges connecting him with the theft of an automobile.

Crowds Seek Shelter as Lead Whizzes in Fray

Figure in Shooting

Above—Lester Dwight Morry (center) burglar suspect who elected "to shoot it out" with detectives yesterday but was captured by Detective Lieutenant E. T. Taylor (left) and Detective Lieutenant J. L. Dwight (right). Below—Billie Brock, who sat in an automobile while bullets whizzed about her during the battle, but was uninjured. (Times photo.)

Cobbler Must
Pay Up Alimony
or Go to Jail

If T. Roemer is making shoes, that's fine, and he can pay his alimony. If T. Roemer is making booze, that's not so fine, but he can pay his alimony just the same, in the opinion of Judge Gates.

Roemer denied yesterday that he was making any booze whatsoever, or enough shoes to be able to afford any alimony for Mrs. Rose Roemer.

"Judge, I'm just an honest shoemaker and I can't make enough to live on myself," he protested when he was asked why he should not support his wife.

"Roemaker," scoffed Mrs. Roemer. "Judge, he's a bootlegger and he makes lots of money."

"Well, he had better make quite a bit at something by July 13, or he'll go to jail," retorted Judge Gates. "If he's bootlegging, that's for the government to find out, but I want the alimony paid by July 13, or he'll make neither shoes nor booze."

HUSBAND IN
SUIT ADMITS
GETTING MAD

Declares Wife Let Dinner
Burn Twice Then Threw
It to Cat

Daniel D. Clintock professes to be a patient man. He admits, in his answer to the divorce complaint of Avis T. Clintock, that he did get mad once.

The first rabbit Mrs. Clintock prepared for dinner, he related, did not turn out so well. So, he said, he went out and got another rabbit. Mrs. Clintock let this one burn and he politely called the matter to her attention, he related. At this she flew into a rage and tossed both rabbits to the cat, Clintock said.

Just then Mrs. Clintock's mother arrived for a call. Mrs. Clintock, according to Clintock, thereupon hastened out into the yard, dispossessed the cat of one of the rabbits and returned the rabbit to the table.

The Clintocks appeared before Judge Holler yesterday about alimony. Mrs. Clintock said she had undergone seven operations and was in such poor health she could not work. At this point his attorney, Walter A. Ham, offered a constructive suggestion.

"We'll pay for another operation if she will have it performed, because we know that it will leave Mrs. Clintock able to make her own living. And so Judge Holler granted an order providing that Clintock must pay the surgeon if Mrs. Clintock will stand for the operation."

'Bankrupt' Does
Fast Figuring
as Jail Yawns

Just too late to do him any good, Cesare Paoli found out that he was solvent after all. But because he was too late to get out of a minute, Judge Molitor consigned him to the custody of the Sheriff for a two-day jail sentence.

Louise Paoli had haled him into court to explain an alimony arrearage of \$600.

"Broke," grinned Paoli, who had previously found this an excellent alibi.

"Oh, you're broke too much," retorted Judge Molitor. "Might as well be in jail as broke. So you can just go over to the jail for a couple of days, and maybe you'll get solvent again."

This remark had some magic effect upon Paoli.

"Judge, I could maybe pay a pretty good payment on account," he suggested.

"No, you're broke," Judge Molitor replied firmly. And so the deputy took Paoli to the jail.

LINEBERGER GIVEN
DRY-BODY SUPPORT

Representative Lineberger was supported in his campaign for the Senate, and Congressman Randall was urged to contest for the seat from the Ninth Congressional District, in resolutions adopted yesterday by the Southern California Prohibition Committee. Both were congratulated upon their stand in favor of the Eighteenth Amendment. H. Clay Needham acted as chairman.

HEIRESS ABDUCTION DENIED

Foster Uncle of June Hedquist Contradicts Report
Child Located in Utah

Announcement of the Sheriff's office that June Hedquist, missing child heiress, had been located at the home of her foster uncle, Alec Hedquist, at Provo, Utah, was contradicted by the latter last night. The uncle, according to word received here, denied in a signed statement that the girl is in Provo or that he had seen her since the 16th inst.

June Hedquist, who disappeared from the custody of the Sheriff's office. The report, however, was contradicted by the report of the Sheriff's office, which stated that June had left this city in company with her uncle, Alec Hedquist, on the 16th inst., for Utah. The investigation she said further showed that the couple left on the train at 10:30 in the morning of that date.

The report recommends that as the girl is now out of the jurisdiction of this State, the case be closed here. June disappeared here several days ago as the culmination of a bitter court fight for her guardianship between Mrs. Hines-Miller, her foster grandmother, and foster father, George Watson. Judge Kester had vacated Watson's guardianship in favor of Mrs. Hines-Miller.

Engineer Says Generators
Cited by Edison Company
Belong to Water Bureau

That charges made by officials of the Southern California Edison Company in its recent action in seeking to enjoin the city from operating three Diesel-engine electric generators have no foundation in fact, and that the operation of these generators does not constitute a violation of any agreement between the city and the company, was declared yesterday by Chief Electrical Engineer Scattergood of the Bureau of Power and Light. In a statement issued yesterday Mr. Scattergood said:

"The Southern California Edison Company, it appears, has filed court action against the City of Los Angeles, the Board of Water and Power Commissioners and myself seeking to obtain a court order that will enjoin the city from operating three Diesel-engine electric generators. Officials of the company assert, in their opinion, that the operation of these generators constitutes a violation of a contract between the city and the company whereby, it is asserted, the Power Bureau agrees to purchase, for a certain number of years, all the energy it distributes to its consumers in excess of that generated in its own hydroelectric plants.

"I desire to say that the company's charges in this action are without the slightest foundation in fact.

"In the first place, the Diesel engines referred to are not owned or operated by the Bureau of Power and Light at all. These engines are owned and operated by the Municipal Water Bureau.

"The Diesel engines were installed in the San Fernando Valley in 1924 and are being pumped by the Water Bureau in the San Fernando Valley.

"The reason the Water Bureau installed the Diesel-engine generators, at the time, was to be assured of an uninterrupted flow of power for its wells. An interruption in the operation of these wells would have been extremely serious because the city, at that time, was threatened with a water shortage. The only water being used as an auxiliary supply."

"We would be pleased to have a written communication from the board at our next meeting, June 24, 1926, if possible, stating their final action in regard to this matter."

The report was returned to Judge Scattergood. The only witness called before the grand jury in its consideration of county salary matters was County Auditor Payne.

SCHOOL CLOSING TAKEN UP

The grand jury also resumed its inquiry yesterday into the affairs of La Balleona school district, calling as witnesses Lloyd D. Kewney, trustee and clerk of the board; J. J. Wyckoff, former trustee; Anna E. Britton, principal; Frank Rose, janitor, and J. W. Lee, plasterer. The school was closed several weeks ago for lack of funds and mismanagement and misappropriation have been charged. The inquiry continues tomorrow.

As a side issue, comparative costs of schools in Los Angeles and in other large cities are being taken up by the grand jury. It was said yesterday the jury learned that the schools of Los Angeles cost \$91.34 a year for each pupil, those of Buffalo, \$99.40 and those of New York City, \$84.78.

Citizens Seek
Approval for
Play Centers

Increased public demand for new playground sites while adequate areas are available at reasonable cost have brought many applications for approval of centers that citizens have agreed to obtain, if possible, by a assessment district proceedings if the playground department will equip facilities on the grounds.

Recent applications, on a number of which the commission already has acted favorably, include Wilmington, Van Nuys, Sierra Park, Watts, El Sereno, Brooklyn Heights, the "Five Points," (near Pasadena avenue and Avenue 24), Cypress avenue, Eighth avenue, South Main street, Riverside Drive and a number of sections of the west side of the city.

The playground department, by its recent enlarged activities, now operates or will soon have opened a total of twenty-seven playgrounds, in addition to its seven swimming pools, boys' and girls' week-end camps, four mountain vacation camps, the municipal beaches at Venice and San Pedro, and the county-owned beach at Santa Monica, as well as a Men's Club at 2204 South Main street.

Stone's Appeal
in Martin Girls'
Death Put Over

The appeal of S. C. Stone, under death sentence following his conviction for the murder of the Martin sisters, whose bodies were found in a field several months after their disappearance, was put over to the July calendar at San Francisco at the session of the State Supreme Court here yesterday. Attorneys on both sides were given ten days to submit briefs. If they choose to dispense with arguments, the case will be submitted automatically on the briefs.

The appeal of Sidney Adams, negro, under death sentence for the murder of his wife, Annie, was submitted yesterday. The appeal of William J. Slater, under death sentence for the murder of James M. West, was also submitted, also was argued and submitted.

Attorney Fred Duffy, appearing for Slater, declared he was a friend of the slain man, but believed Slater had not had a fair trial. The time and place of the trial and the high pitch of feeling made this impossible, he declared.

The court heard civil cases yesterday afternoon and will continue to do so today. The session will end tomorrow night.

SMART SHOES for WOMEN

Modeled with the touch of genius and decorated with rare artistry, this exclusive Bootery model is indeed exquisite. The Del Monico is offered in Paisley, Silver Brocade, Gold Brocade, Black Patent, trimmed in Shark Skin. Also in Parchment Kid and White Kid, each with an insert of hand-painted Panama cloth.

Why Be Gray?

By feeding and nourishing the hair roots Nourishine replaces the gray in your hair with the original color evenly, naturally. Thousands praise this splendid tonic. NOT a dye. Can't injure hair. All shades restored by the one liquid. Also banishes dandruff, cleanses scalp, promotes hair growth. Price—\$1.00, bottle \$1.25 at drug and dept. stores. (Any wholesaler will supply your druggist.)

Nourishine
Restores Hair Color—NOT A DYE

Of Interest to Women.

SOCIETY

BY JUANA NEAL LEVY

Among the charming young sub-debs who are at home for the summer vacation is Miss Anne Thompson, attractive daughter of Mr. and Mrs. William K. Thompson of Alta California who has just arrived from Washington, D. C., where she has been a student for the past year at Mt. Vernon Seminary.

Miss Thompson is being much entertained with delightful courtesies. Friday evening, Miss Nelchen Armstrong is giving a dinner-dance for a coterie of her most intimate friends at Casa Del Mar while next week her

sunt, Mrs. West Hughes is giving an affair for her and Saturday afternoon Mrs. Nathaniel Gray Jeffras is giving a tea dance in her honor at the Ambassador.

Miss Thompson is planning to return to the national capital in the fall to resume her studies.

For Bride-Elect

One of the most popular bride-elect of the month is Miss Emily Louise White, daughter of Mr. and Mrs. William Moore White, whose marriage to Franklin Hunkin Donnell will be an event of Saturday.

Yesterday afternoon Mrs. Thomas Brown Richardson, Mrs. Richard Edward Letts and Miss Janet Morris entertained with a beautifully appointed luncheon and bridge at the Edgewater Club, in Santa Monica, with Miss White as special honor guest.

For One Week

follow this simple rule in skin care—note the improvement

By NORMA TALMADGE

Most of the naturally clear complexions you see today are due to it... what to do

THERE are both proved ways and unproved ways in skin care. The wise woman chooses the proved way. A good complexion is too precious for experiment.

The simple rule below is one any girl or woman owes herself to try. More beautiful complexions are credited to it than to any other method known. Its results are seen on every side.

Follow it if only for one week. It is nature's proved way to skin clearness and to Youth safeguarded. Leading skin specialists urge it widely—correct skin cleansing with the soothing olive and palm lather of Palmolive, in this way:

THE RULE AND HOW TO FOLLOW IT FOR BEST RESULTS

Wash your face gently with soothing Palmolive Soap, massaging it softly into the skin. Rinse thoroughly first with warm water, then with cold. If your skin is inclined to be dry, apply a touch of good cold cream—that is all.

Do this regularly, and particularly in the evening. Use powder and rouge if you wish. But never leave them on over night. They clog the pores, often enlarge them. Blackheads and disfigurements often follow. They must be washed away.

Follow these rules day in and day out. Your skin will be soft and lovely—naturally colorful and clear.

Do not use ordinary soaps in the treatment given above. Do not think any green soap, or represented as of palm and olive oils, is the same as Palmolive.

Remember that before Palmolive came, women were told, "use no soap on your face." Soaps then were judged too harsh. Palmolive is a beauty soap made for one purpose only: to safeguard your complexion. 60 years of soap study stand behind it. Millions of pretty skins prove its effectiveness beyond doubt.

BE SURE YOU GET THE REAL PALMOLIVE

It costs but 10c the cake—so little that millions let it do for their bodies what it does for their faces. Obtain Palmolive today. Note what one week of its use brings you. The Palmolive Company (Del. Corp.), Chicago, Illinois.

HELP YOURSELF TO HEALTH

What a treat for an outdoor appetite!

CRISP Kellogg's Corn Flakes. With rich milk or cream. Fresh or preserved fruit. What a flavor-treat!

Kellogg's are the original corn flakes. Never tough or leathery. More than 10,000,000 people daily demand them.

Have Kellogg's any meal—and between meals. Order them anywhere. At all grocers, hotels and restaurants.

Kellogg's CORN FLAKES

Indications cannot bring you such wonder-flavor—crisp, crunchy flakes. The genuine corn flakes have the signature of the originator.

Kellogg's

SUBDEB TO TAKE MOTOR TRIP

Graduates From Marlborough School

Miss Dorothy Llewellyn

Among the charming members of the younger set who are enjoying a delightful time this month is Miss Dorothy Llewellyn, attractive sub-deb daughter of Mr. and Mrs. Albert George Ralphs, Mrs. Walter Ralphs, Mrs. Ralph Mallett Burdette, Mrs. Charles H. Burdette, Mrs. John Davis and Mrs. Orra E. Monnette.

For Bride-Elect

In honor of Miss Mona Wood, attractive daughter of Mr. and Mrs. Charles Modini Wood of Bixby place and her fiancé, William Bernard Martin, a charmingly appointed evening affair is being planned tonight by Mr. and Mrs. Ernest Coons at their home in Westchester Place. Supper will be served at midnight.

Engagement Announced

Formal announcement is made today of the engagement of Miss Marion Salmon, daughter of Mrs. May Salmon of 9407 Dix street, Hollywood, to Walter Swearingen. The news was told to a coterie of intimate friends of the bride-elect at a tea given Saturday afternoon by Mrs. Salmon at the Los Angeles Country Club. Thirty-six guests were invited. The wedding will be an event of the early fall. Miss Salmon was graduated this month from Mills College while Mr. Swearingen is an alumnus of University of California, having graduated last year.

For Sub-Debs

Judge and Mrs. William Frederickson are giving a dancing party this evening at the Los Angeles Country Club in honor of their daughter, Miss Helen Jane Frederickson and Miss Beryl LaCook who are being graduated this week from the Hollywood High School. About 125 members of the graduating class will be among the guests and the hosts will be assisted by Mr. and Mrs. Charles LaCook.

Delightful Affair

One of the loveliest of the week's affairs was the beautifully appointed tea with which Mrs. George Harris Robertson entertained Tuesday afternoon at Club Casa Del Mar in honor of members of the Woodrow Wilson Chapter, United Daughters of the Confederacy.

The tables with their profuse floral decorations and dainty favors were typical of the hospitality of the Old South. Those included were Mrs. George E. Robertson, Mrs. Collier W. Wiley, Mrs. Burnett W. Wright, Mrs. J. W. Barnes, Miss Billie Barnes, Mrs. John C. Thompson, Mrs. Ralph Cheney, Mrs. James Chess, Mrs. M. F. Darby, Mrs. Allen Birtel Fredholm and Mrs. Thomas Jefferson Douglas. Following the luncheon bridge was the

feature of the afternoon's entertainment with unique prizes for the holders of the highest scores.

Luncheon Party

In honor of Mrs. Horatio Walker, who has just returned from an extensive tour abroad and Mrs. Frank R. Goodell of New York, who has come recently to Los Angeles to make her home, Mrs. N. E. Fowler of Pasadena is giving a luncheon tomorrow at the Jonathan Club. Those bidden include Mrs. A. Dwight Gibbs, Mrs. Walker, Mrs. O. A. Fisher, Mrs. John Cobb Macfarland, Mrs. Frank R. Goodell, Mrs. E. C. Flinnbaugh, Mrs. Daniel Beecher, Mrs. Charles Ransom and Mrs. J. H. Sinclair.

Felicitations

Mr. and Mrs. Eugene A. Tompkins of South Norton avenue are receiving congratulations over the recent arrival of a baby daughter who will be called Dorothy Eugenia Tompkins. Mrs. Tompkins was formerly Miss Henrietta Hogan, daughter of the C. C. Hogan of Fourth avenue.

Wreden!

—a name known in Los Angeles by the quality of its MEATS. Meet Elmer Wreden of E. WREDEN'S STANDARD MARKET, at our Hill St. entrance. He sells thousands of pounds of Quality Meats daily to an army of regular patrons. There's food for thought in Wreden's instant MEAT-SERVICE.

HOUSEHOLD SUGGESTIONS

Be sure to keep the house clean and tidy. It is the best way to prevent disease.

Remove stains from your clothes. A soft cloth dipped in warm water and rubbed on the stain will remove it.

Avoid the common cold. It is the most common of all diseases. It is caused by a germ that enters the body through the nose or mouth.

To have a healthy baby. It is the most important thing a mother can do. It is to keep the baby clean and healthy.

Letting that is a mistake. It is a mistake to let a child play in the street. It is a mistake to let a child play with a knife or a gun.

When cutting meat. It is a mistake to cut meat with a knife. It is a mistake to cut meat with a fork.

Housewives don't forget. It is a mistake to forget to wash your hands. It is a mistake to forget to wash your face.

Keep clean rather than rich. It is a mistake to keep clean rather than rich. It is a mistake to keep rich rather than clean.

Hot food should be eaten. It is a mistake to eat hot food. It is a mistake to eat cold food.

Warm the lemon juice. It is a mistake to warm the lemon juice. It is a mistake to warm the lemon juice.

Can you tell? It is a mistake to tell a lie. It is a mistake to tell a lie.

The best quality of meat. It is a mistake to eat the best quality of meat. It is a mistake to eat the best quality of meat.

When moving to a new home. It is a mistake to move to a new home. It is a mistake to move to a new home.

A New Game. It is a mistake to play a new game. It is a mistake to play a new game.

The original purpose of America. It is a mistake to have the original purpose of America. It is a mistake to have the original purpose of America.

What is the purpose of life? It is a mistake to have the purpose of life. It is a mistake to have the purpose of life.

The purpose of life. It is a mistake to have the purpose of life. It is a mistake to have the purpose of life.

Of Interest to Women.

Women are Doing
By Myra Nye

ing the advance sale of 75,000 tickets to the Coliseum spectacles, the "Pageant of Liberty" bids fair to become not only a brilliant historical display but a social event of more than ordinary appeal as well.

Among those on the women's committee are Mrs. George C. Foster, chairman, Mrs. A. C. Forbes, Mrs. Edwards Davis, Mrs. Louis N. Cole, Mrs. Arthur S. Bent, Mrs. Harry Chandler, Mrs. Frank Barham, Mrs. C. G. Young, Mrs. Susan C. Young, Mrs. Boyce Workman, Mrs. Frank Lloyd, Mrs. Edward A. Dickson, Mrs. E. B. Briggs, Mrs. Rufus von Kleinsmidt, Mrs. I. F. Sartori, Dean Helen Matthews, and Mrs. P. Bryant.

Candidates Represented
First joint review by personal representatives of the four gubernatorial candidates in the forthcoming State election, in which each will give his chief's attitude on the two leading questions, "economy and efficiency in State administration, and the Boulder dam project, is the program arranged by Mrs. Arthur C. Wier, president, and the executive board of the Los Angeles League of Women Voters for its joint monthly luncheon with the Men's City Club at the latter's headquarters, 833 South Spring street, next Saturday, the 26th inst.

Friday Morning Club
Always a ceremony of absorbing interest, the installation of officers in the Friday Morning Club the 25th inst. at 10:30 a.m. will have special significance this year as the entire board was chosen unanimously.

Political League
Burr Pitts, candidate for Lieutenant-Governor, addressed the Women's Political League at their luncheon last Thursday on "Fulfillment of Crime a Public Safeguard."

EBELL CLUB
Mrs. Edward A. Turin announces that the plans for the annual luncheon of the Ebells Club, to be held Monday, the 28th inst. at the Ambassador, must be obtained no later than tomorrow.

CHIEF WYMAN'S Suggestions for Tomorrow's Menu

pan, cook one-half minute. With a skimmer, remove the berries to a serving dish, reduce the liquor to a syrupy consistency, remove and let cool. Pour over the berries.

PURÉE OF LEEKS
Chop, parboil, and drain two bunches of leeks. Fry in butter, and season with salt, pepper and nutmeg. Dredge with four tablespoons of flour and add three pints of milk and veal stock. Cook for twenty minutes, stirring constantly. Rub through a fine sieve, reheat, season with sugar and melted butter, and serve with potatoes.

CUCUMBER SURPRISE
Two slender cucumbers, one level, leaspoonful salt, one-half cupful finely chopped celery, one-third cupful chopped sweet pickle, one level tablespoonful granulated gelatin, three tablespoonful cold water, one cupful mayonnaise.

NOUGATINE MOUSSE
One pint whipping cream beaten stiff dry to bottom of bowl, one and one-third cupful sifted powdered sugar, one level teaspoonful vanilla extract, four-fifths of a cupful Maraschino cherries, chopped, one cupful marshmallows, cut in pieces. Beat the sugar into the whipped cream, beating till firm, then fold in the remaining ingredients. Pack and freeze.

CAFE NOTES

The Hollywood Montmartre will celebrate Anna Q. Nilson night this evening with this well-known film actress as guest of honor. Eddie Brandt, owner of the cafe, has planned an elaborate vaudeville entertainment in his honor.

A dancing contest for a loving cup is conducted on Sunday nights, while this evening's usual Charleston contest and carnival celebration will take place. V. Eklins and his orchestra furnish the dance music.

Dining, dancing and plenty of entertainment during lunch, dinner and supper are promised patrons at the Italian Village, 423 West Eighth street.

This cafe is finding favor in the opinion of pleasure seekers. There is no cover charge at any time.

Queen Marie of Rumania, whose picture has been used in advertising matter, has decided to bar the use of it hereafter.

Alimony for Mrs. Earle Set at \$55 a Week

Mrs. Charlotte Kristine Earle yesterday was allowed \$55 a week alimony pending trial of her divorce action against Ferdinand Finney Earle, artist, and \$500 attorney's fees by Judge Oates. Mrs. Earle had asked for \$250 a month.

Earle was allowed the use of the family residence in Los Angeles and the custody of 10-year-old Byrd Earle, who, it was stated, is in poor health and requires his father's care. Earle is represented by Attorney O. J. Steneman and Mrs. Earle by Joseph L. Murphy.

Miss Nina Samundson, the Icelandic sculptress, got her start by modeling snow images in her wintry homeland.

The suit of William E. Bewley for a divorce from Rosina K. Bewley was continued to September 14, when it came on for trial before Judge Bishop yesterday. The continuance was ordered because there is pending before the Appellate Court the appeal of Attorneys Otto and Linn from Judge Bishop's ruling denying their motion to be allowed to withdraw. The attorneys wanted to drop the case, because they said, Mrs. Bewley, their client, had failed to keep her contract with them as to fees.

SANTA BARBARA ASKS AID
The Council yesterday received from Mayor Adrian of Santa Barbara a request to assist that city in obtaining the twenty-ninth annual convention of the League of California Municipalities. The letter was referred to the Finance Committee.

SUIT CONTINUED AS LAWYERS SEEK FEE

The suit of William E. Bewley for a divorce from Rosina K. Bewley was continued to September 14, when it came on for trial before Judge Bishop yesterday. The continuance was ordered because there is pending before the Appellate Court the appeal of Attorneys Otto and Linn from Judge Bishop's ruling denying their motion to be allowed to withdraw. The attorneys wanted to drop the case, because they said, Mrs. Bewley, their client, had failed to keep her contract with them as to fees.

Earle was allowed the use of the family residence in Los Angeles and the custody of 10-year-old Byrd Earle, who, it was stated, is in poor health and requires his father's care. Earle is represented by Attorney O. J. Steneman and Mrs. Earle by Joseph L. Murphy.

THOUSANDS AT
BOWL OPENINGRecord Audience Attends
DedicationNew Amphitheater Greeted
With EnthusiasmImproved Structure Still
Has Old Charm

(Continued from First Page)

haven of harmonious and natural

beauty.

I have dwelt particularly on

the new aspects of the Bowl because they

will mean much for its future.

The improvements that are made are

the first \$150,000 unit of a \$1,000,000 im-

provement plan. Like Hollywood in

general, the Bowl has begun to talk

in terms of \$100,000 now and millions

in the future. There is no telling what in-

ternational celebrity it may eventu-

ally attain, though it is already per-

haps known the world over.

The concert of dedication was a

varied one. The dedicatory address was

made by Gov. Richardson, in which

he expressed briefly and effectively

his good wishes for the project, and

his commendation of its sponsors.

Four musical conductors shared the

appliance, with Walter Henry Roth-

well, as conductor of the Philhar-

monic Orchestra, opening the pro-

gram, followed by Adolf Tandler,

Moderator, and Pierre Ciminelli,

Mr. Tandler conducted the largest

proportion of the program.

Marcelle Craft, who has not been

heard here for four or five years, sang

several numbers including "Ah Fors

a lull" and "Romantic" from "Tra-

viata," and Leonida Corini, baritone,

the "Vision Fugitive" from "Herodi-

ade" and "Macchiaro" from "Herodi-

ade." The program was the ap-
plauded by the thousands of
audience members who had
gathered for the occasion.
The final number on the very
well received program was the
"Phantom of the Opera" ballet,
presented by Ernest Belcher, with
Mr. Ciminelli conducting.
A temporary stage only has been
built thus far for the production of
the opera "Shanewis" and the bal-
let "Shanewis" which will be
presented by Ernest Belcher, with
Mr. Ciminelli conducting.
This will give way before the sym-
phonic season, opening in July. I am
told, to one much more classical in
architecture and designed for per-
formance. Various artistic elements
in the way of landscape gardening
are also planned for the most dis-
tinct future.
Concrete has been effectively used
to bank up and hold the soil from
being washed out by the winter rains,
but one can feel the pleasant crunch
of gravel underfoot which makes
everything still congenially natural.
Too, if one so desires, he can still and
sit on the hillocks at either side
of the amphitheater, provided he dis-
dains the too great formality of wood-
en benches.
A whole column of statistics might
be written about the crowds that
went to the Bowl last night, not the
least of which was the number of
times required for the parking of cars
in the vicinity of the amphitheater.
Getting to the Bowl was a matter of
no small difficulty for the average
town consumed from Hollywood
Boulevard to the entrance was fully
twenty or twenty-five minutes. This
took nothing, though, from the thor-
oughly jubilant way in which every-
body enjoyed the evening. The ap-
plause was even more plentiful than
usual for the musical numbers, and
each one of the artists shared in the
tribute accorded an enjoyable con-
cert.Music Teachers'
Association to
Hold ConventionThe sixteenth annual convention
of the Music Teachers' Association of
California will be held in San Diego,
July 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1926.A. Sessions will be devoted to
lectures by Miss Anna Russell
Sprotte, vocalist; Bol Cohen, violinist;
Millicent Eddy Kuhn, soprano; Homer
Griffin, pianist; and Margarette Bal-
win, accompanied by Marguerite No-Priscilla Chosen as
Lead With LangdonPriscilla Chosen has been chosen
as Harry Langdon's leading woman
for his second First National feature
comedy, now in course of produc-
tion at the United States.The music program will include
appearances by Miss Anna Russell

cert.Oland Out for
New Record in
Beard-GrowingIn order to have a flowing Russian
beard ready for the camera when
"Shooting" starts on "The Mys-
terious Island," Warner Oland is out to
break the world's record for rapid
beard growth. He will play Admiral
Fallon, a snappy Russian peer. A week
ago he was notified that he would
have to appear before the camera
with a set of hirsute adornments that
would make Peter the Hermit look
like a Mexican hairless wonder.He was given just ten days in which
to produce the beard and since a
full-blown Admiral von Tirpitz beard
requires from six to ten weeks in the
making, the magnitude of Oland's
task may be appreciated. He now
lives in his home in Hollywood—an
island entirely surrounded by bottles
of every known kind of hair tonic
and hopes to be ready for the first
scene of the picture when shooting
starts at the end of this week.The actor has been keeping track
of the daily growth of the beard
and claims that last Sunday by forced
cultivation he actually produced a
full inch of beard in one twenty-four
hour period.Pageantry Will
Rule 'Shanewis'
in Bowl OperaTen Indian ponies will be used in
the spectacular production of
Charles Wakefield Cadman's Ameri-
can opera "Shanewis," which means
Wildfire, in Hollywood Bowl to-
morrow evening. Given in western pre-
miere, the Cadman opera will be
staged with due regard to the pa-
ganistic effects made possible in the
hills of the Bowl.The ponies with Indian heaves
and trappings will gallop from the
stage a few hundred yards away,
a parade of quarter horses. Their
length will also be a part of the spec-
tacle in the second act of the opera.
Cadman's story is set in the
hills of the Bowl.The nature of the story was not
given out.Mr. Oland is the second member
of the revue to be placed under
contract. After learning that Dou-
glas Fairbanks was the author of most of its clever
lines, Harry Rapf, an associate ex-
ecutive at the studio, engaged him
for the studio's scenario staff, where
he is now at work.DANCE RECITAL GIVEN
BY CHILDREN FRIDAYA dance recital and children's
fashion review will be presented by
the pupils of Janice Sprague, direc-
tor of dancing at the Hollywood Com-
munity studio of the Theater, in the
Little Theater of the studio, 1741 N.
Bronson, on Friday at 8 o'clock.The dances to be given by the chil-
dren are representative of the work
covered in the classes during the past
year. Several of the numbers are
original pieces arranged by the young
dancers themselves.To lend variety to the program Miss
Sprague, through arrangement with
Jeanne Egan's Mother Goose Shop,
will present a children's fashion re-
view.

443

Lincoln's Decision.

by J. CARROLL MANSFIELD

DURING MARCH, 1861, THREE SOUTHERN COMMISSIONERS WERE IN WASHINGTON TO NEGOTIATE FOR RECOGNITION OF CONFEDERATE INDEPENDENCE. KNOWING THEIR RECALL WOULD BE FOLLOWED BY AN ATTACK ON FORT SUMTER, SECRETARY OF STATE SEWARD, ON HIS OWN RESPONSIBILITY, TRIED TO KEEP THEM FROM LEAVING THE CAPITAL BY REPEATED ASSURANCES THAT THE GOVERNMENT WOULD EVACUATE FORT SUMTER.

BUT PRESIDENT LINCOLN DECIDED THAT HIS OATH OF OFFICE LEFT HIM NO CHOICE OF PARLEYING WITH THE CONFEDERACY, AND ON APRIL 1ST, HE GAVE ORDERS FOR SHIPS BEARING TROOPS AND PROVISIONS TO SAIL TO THE RELIEF OF FORT SUMTER.

A WEEK LATER, THE RELIEF SHIPS LEFT NEW YORK. LINCOLN NOTIFIED GOVERNOR PICKENS OF SOUTH CAROLINA THAT THE FLEET WAS COMING WITH PROVISIONS FOR SUMTER, BUT THAT NO SOLDIERS OR AMMUNITION WOULD BE LANDED AT THE PORT UNLESS IT WAS ATTACKED BY THE STATE.

HEARING OF LINCOLN'S PLANS, JEFFERSON DAVIS OF THE CONFEDERACY HIS CABINET HELD A CONFERENCE IN WHICH IT WAS DECIDED THAT THE FORTRESS BEING BY FEDERAL FORCES WITHIN THE LIMITS OF THE NEW SOUTHERN REPUBLIC WAS NOT TO BE TOLERATED.

These daily history strips make a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.

WEDNESDAY MORNING
POLICE SEIZE LIQUOR CARGO
hundred Cases of Whisky Taken in Raid
Men, Expensive Cars and Boats Captured
Fourth Importation Interrupted
The first attempt by the reorganizing forces to land in the harbor of smuggled liquor and other goods of transportation was made in the bay by the police yesterday. Detectives working on the coast guard's office, and men from the customs division, confiscated and equipment valued at \$10,000 were taken into custody. The police also seized two automobiles, liquor and two men. The police believe the raid was the hands of the reorganizing forces, the police believe the raid was the hands of the reorganizing forces, the police believe the raid was the hands of the reorganizing forces.
Pure Water
Important as Pure Food, Water From Natural Springs is Best
Water helps eliminate, keeps the body of poisons, adds to the health of the body. Doctors everywhere are saying, "Drink more of it."
The pure water that is free from all impurities is a natural spring water.
Arrowhead Springs Water comes from a clean, uncontaminated source. It is the purest water in the world. It is famous for its health-giving properties.
Whitmore 5331 and ask for a 6-gallon bottle delivered. We will gladly refund your money if you are dissatisfied.
We are so partial to it that we consume it in Los Angeles and vicinity more than all other kinds of water. It is "Arrowhead" pure.

Rum Consignment Misses Goal

Was Intended for Independence Day

Photograph shows portion of whisky seized in raid yesterday.

and garage on the water front at 2172 Broadway, about half a mile from the Venice pier. The garage stands close to the water and a small wharf juts out into the surf sufficiently to allow small boats to moor alongside. The liquor was in a closed truck and an expensive touring car, loaded and ready for a dash into the city when raiders swooped on the house and garage.

TRIO BOOKED

The prisoners, who gave the names of Frank A. Anderson, Jack Lawson and Edward Novak, were taken to the Central Station and were booked on Wright-Act charges. The arrests were made under the supervision of Detective Lieutenant Lucas, working on special liquor detail from the headquarters, and Detectives Lane and McDonald.

After nearly two weeks of observation, the police decided that the liquor was about to be smuggled ashore. The house was then placed under constant surveillance. Knowing that the smugglers would attempt to land the liquor under cover of darkness, the police surrounded the house and waited.

The new system, recently exposed in dispatches from the north, was worked out by the rum smugglers to prevent confiscation of large amounts

of liquor. The big rum-runners, according to information obtained by the police department intelligence office, stay out more than 100 miles from shore. Smaller boats take the liquor on board and cruise around closed in until speed boats and fishing boats break up the illicit cargoes into still smaller parcels. Then these boats, guided by an elaborate system of signals, approach the shore at the right time and unload.

RAID SPECTACULAR

Footprints on the sand near the Venice house showed that the liquor was unloaded at the wharf and carried into the truck and touring car in the garage. The police waited until the liquor was loaded into the automobiles before making the raid.

The raid was a spectacular affair. The officers dashed toward the house at a signal from their leader. So swift were their movements that the occupants did not have time to leave the room in which they were sitting. The house is located near Avenue 32. The police say they learned the liquor was to be distributed for July 4 consumption and was practically sold before it was landed on shore.

In Russia women have the reputation of being born politicians.

LARGE BELL TO BE USED IN PAGEANT

Properties to be Built Soon for July 5 Celebration at Coliseum

Properties will be constructed during the next ten days for the Pageant of Liberty to be given at the Coliseum, July 5, next. It was announced last night when meeting with members of the executive committee at the Hollywood Masonic Temple, fifty-three technical subcommittees active in the staging of the celebration reported their program complete.

In the center of the arena will be erected a large liberty bell, from which loud speakers will carry the voice of the speaker of the day to the great audience expected. A field radio system will be installed to carry instructions of the pageant control committee to the various bodies participating.

Rehearsal of several units of the pageant will be conducted at the Coliseum on the morning of Sunday, July 4, and the remainder will rehearse the morning of July 5. More than 6000 men and women in costume, drawn from many patriotic organizations, will take part.

Studebaker trucks have donated 120 trucks to carry horses to the Coliseum.

Arthur Farwell, who has been organizing a chorus of 1000 mixed voices for the pageant, will conduct rehearsals at the Touchstone Theatre, University of Southern California campus, between Thirty-fourth and Thirty-fifth Place, at 8 p.m., to-night and on the night of the 30th inst. He is especially anxious to have a response from university students at these rehearsals.

His present rehearsal schedule is Monday evenings at the Arroyo Seco clubhouse, Tuesday evenings at Belmont High School and Thursday evenings at Hollywood High School. The Hollywood High School rehearsal set for tomorrow will be conducted Saturday evening instead.

YOUTH ADMITS GUILT IN DELINQUENCY CASE

Lloyd Hooker Sloan, 20 years of age, yesterday pleaded guilty in Judge Keeler's department of Juvenile Court to a charge of contributing to the delinquency of Josephine Scull, 14-year-old daughter of Florence Blanche Scull. Sloan was said to have made advances to the girl at her mother's home in the harbor district. Mrs. Scull also is awaiting disposition of a charge of contributing to the delinquency of her daughter, it being charged she occupied the same room with Dean Phillips, uncle of Sloan, in the presence of Josephine.

NO PROTESTS ON FILE

When time came to hear protests it developed that there was none against the improvement of West Seventh street between St. Andrew Place and Wilton street and none against the improvement of Comstock street between Sunset Boulevard and Fountain avenue. The ordinance of intention having been adopted, yesterday's action cleared the way for the adoption of the final ordinance.

E. A. JACOBS CLEARED IN STOCK DEAL

Broker Held on Charge of Impersonating Officer Freed in Federal Court

Edward A. Jacobs, broker, who was arrested recently on a charge of impersonating a Federal officer, was exonerated of the charge yesterday at a hearing before United States Judge McCormick and the case against him dismissed.

Dismissal of the charge was ordered on the grounds that they were unfounded and the evidence insufficient. Jacobs was arrested on the impersonating charge last January and held under \$25,000 bail after St. J. C. Curberty, a reputed millionaire, had told a story that Jacobs had fleeced him out of \$70,000 in an alleged fraudulent stock deal. Subsequently his bail was reduced to \$5000 and this was accompanied with the dismissal of the case yesterday. Jacobs was represented by Attorney Russell Graham. Federal agents stated that their investigation into the case convinced them that the charge against Jacobs were groundless and they, therefore, asked for the dismissal.

Second Division Veterans Will Enjoy Reunion

Veterans of the Second Division, one of the most famous of the A.E.F., will hold the second annual reunion this evening in Patriotic Hall, Eighth and Figueroa streets, at 8 p.m. One of the stars of "What Price Glory" now being filmed at the Fox Studios, will appear in person on the elaborate program being arranged. Each war will appear in a separate number. They are Ted McGinnis, William V. Wong, Dolores Del Rio, Edmund Lowe, Victor McLaglin and Sammy Cohen. The survivors of the Second Division, who have taken an active part in the filming of the picture, have an unusual interest in the great stage play, as it depicts events which took place with the Second Division overseas.

VICE SQUAD ACCUSED OF DISARRAYING HALL

A complaint from Frank J. Seigler, Commander of Roosevelt Camp, No. 48, United Spanish War Veterans, received yesterday by the Police Commission, asked action against members of Sgt. Swenson's vice squad, charging they had broken open lockers at Foresters' Hall in a recent raid, and thrown bags on other persons on the floor. The raid was on a smoker conducted at the hall by another organization, and more than 200 men and several women were arrested. The complaint was referred to Chief Davis.

A Happy Woman

A MAN dreams of wealth, success and power. A woman dreams of a home of her own and babies to love. Happy is the young woman whose dream is fulfilled. With good health, housework is not a burden. Her home echoes to the prattle of healthy children. She must not fail those tiny hands. Her husband is still her comrade and confidant, sharing her new responsibilities. She is content.

Happy, too, is the older woman who holds her children's children in her arms and lives to see a new generation dreaming dreams of its own.

A young girl in Iowa was in such a weakened condition that she had to leave school. One day, after being in poor health for about two years, she picked up an advertising booklet and read about Lydia E. Pinkham's Vegetable Compound. "I began to take your medicine," she writes. "Now I am a housekeeper with six children and I have taken it before each was born. I cannot tell you all the good I have received from it. I read all of your little books I can get and I tell everyone I know what the Vegetable Compound does for me."

Mrs. FRANK SELLERS,
510 7th Ave.,
Vinton, Iowa.

# METERS

## DECISION DISPUTED

**People's Telephone Board  
Denies City Has No Right  
to Order Removal**

Contending that the only power vested by the Legislature with the Railroad Commission relative to privately owned public utilities is the right to fix rates, Attorney Bernard Foster, in behalf of the People's Telephone Commission, yesterday filed with the Board of Public Utilities a brief in answer to a recent opinion of the City Attorney in which it was held the city had no right to order the removal of telephone meters or to interfere with any decisions of the commission.

The brief was ordered filed by Philip E. Johnson, chairman of the Board, with instructions it be forwarded to City Attorney Stephens for immediate reply. A ruling will be reserved pending the answer of Stephens and a study of the records by members of the board. Mr. Johnson stated, Andrew Northing, chairman of the board of governors of the People's Telephone Commission, sought a ruling within a week's time.

"A great many interesting points are set forth in the brief and we will come to a definite decision when we can intelligently," Mr. Johnson declared.

It was argued in the brief that the ruling of the Railroad Commission, which resulted in the installing of meters, had nothing to do with rate fixing. Mr. Foster stated the most many Supreme Court decisions which, he contended, supported his theory. The brief asserted that the city was permitted, by Constitution, to adopt a charter giving it full and complete regulatory powers over all municipal affairs and that "the charter is paramount to all general laws, being affected only by the Constitution of the State."

## SUSPECT IN MAIL FRAUD SURRENDERS

**Former Copper-Company  
Director to be Returned to  
New York**

Bought by Federal authorities for two years on charges of using the mails to defraud in connection with the activities of the Jovsevic-Kennecott Copper Company, George B. Snyder, who is said to have been living in a palatial home on Wilshire Boulevard for the last eighteen months, surrendered yesterday to Deputy United States Marshall McLean and postal inspectors. He was arraigned before United States Commissioner Head, waived extradition, and will be returned to New York.

Snyder, a director of the copper company, which had offices at 11 Wall street, New York City, was arrested in 1924, according to local postal inspectors, pleaded guilty and received sentence. He is said to have jumped his bail, however, and to have eluded Federal agents for two years.

The Jovsevic-Kennecott Copper Company is reported to have sold more than 500,000 shares of stock to New York investors, and subsequently to have failed. Its mine was located near Wallace, Idaho.

When McLean went to Snyder's home here, he declared he was met by Snyder, who told him he was not the man wanted and "had not been in New York for twenty-one years." The puzzled officer left the house, and soon after Snyder is said to have telephoned and announced he was ready to surrender himself.

## W. A. ROSS ACQUITTED OF BRIBERY

**Former San Pedro Police  
Officer Cleared by Jury  
on Three Counts**

W. A. Ross, former patrolman at San Pedro, who was jointly indicted with two other officers by the grand jury early this year on charges of bribery in connection with the activities of an association known as the "Bugs," was acquitted by a jury last night on a separate indictment of three counts of bribery. The verdict was returned before Superior Judge Hahn, who received the findings in the absence of Superior Judge Tracy, presiding judge during Ross's trial, who was out of town.

A similar verdict was returned early this month when Ross and W. F. Hache, a brother officer jointly indicted with Ross and Capt. W. L. Hagenbaugh, were tried before Superior Judge Hahn. The charges against Capt. Hagenbaugh were dismissed by Judge Hahn before the case went to trial, and the police official has been returned to duty in command at the Seventy-seventh street station.

## Fire at Bakery Burns Thirteen Delivery Trucks

Thirteen delivery trucks were destroyed by a fire of unknown origin in the garage of Heise's Cake Bakery at 4907 South Main street last night. The fire spread from the garage, which was badly damaged, to the bakery plant where lesser loss was caused.

The loss is estimated at \$25,000. The buildings are owned by E. A. Bradford and occupied by the bakery.

## Rudy Must Pay Commission for Lasky Contract

Rudolph Valentine will have to pay \$11,177 to the assignees of Clifford Robertson and Eugene Webb, Jr., who arranged his contract with the Famous Players-Lasky Company, Judge Griffin ruled yesterday after hearing evidence in the suit against the actor for unpaid commissions.

The agents sued for \$4,500, but Valentine was allowed credit for a check they had given him which could not

**Again a great maker of higher priced clothes surrenders all his *stocks to us* and all his *profits to you* for quick cash**

**Only the World's Largest Clothiers could swing it! The backward spring hit clothing dealers hard—cracked the thin ice of credit—brought**

**this famous maker to our door for CASH, quick CASH! We bought 20,000 suits for less than it would take our own 5 factories to make**

**We now  
offer the  
public**

**20,000 Suits at \$20**  
**ALL WOOL, hand-tailored, brand new!** *built to sell at \$35 • \$40 • \$45*

***The cream of this season's production!***  
***The final 20,000 suits made for 1926!***

***Not a clean up of OLD  
stock, but a clean-up  
of NEW savings, for  
YOU on LATEST models!***

You've bought this great maker's clothes for years at \$40 and up! Hundreds of retailers hand them proudly under their maker's full name!—(and full price!) Is it any wonder ONE string was tied to this transaction? Our CASH got the clothes, smashed the price, sewed up the sacrifice, (financed the maker's next season's production) but under written contract to WITHHOLD, not to DIVULGE, the respected name behind them!

# Trade Upstairs and Save \$10.
